STREET IMPROVEMENTS

Pavement Rehabilitation Project (FY 2015-16)

This $2 million project resurfaces or reconstructs 9.12 lane miles of streets throughout the City. The project also includes the repair of damaged curb and gutter, driveway approaches and sidewalks. ADA compliant curb ramps will be installed as necessary. The streets to be improved are identified in the City's 5-Year Pavement Management Plan.

- Funding:

Gas Tax	$ 1,100,000
Prop C	$ 135,000
Measure R	$ 700,000
CalRecylce	$ 100,000
TDA Article 3	$ 35,000
TOTAL	$2,070,000

Florence Avenue Street Resurfacing

This project resurfaces Florence Avenue between Atlantic Ave and Salk Lake Ave (2.95 lane miles).

- Funding: STPL $ 625,000

Gage and Walker Intersection Improvements

This project reconstructs the intersection of Gage and Walker with concrete. The intersection is badly deteriorated due to heavy truck and bus traffic. A concrete intersection will provide a longer life span compared to asphalt. The project also includes resurfacing Gage Ave from Wilcox Ave to Chanslor Ave and restriping to improve traffic safety (1.8 lane miles).

- Funding:

Section 125	$ 427,500
Prop C	$ 185,100
CalRecycle	$ 22,000
TOTAL	$ 634,600

SEWER IMPROVEMENTS

Sewer System Repair

In FY 2013-14, a comprehensive inventory and evaluation of the City's sewer system was completed. Based on the assessment, this project will perform spot repairs, re-lining and other main line adjustments.

- Funding:

EPA Grant	$ 654,000
Sewer Assessment	$ 335,000
TOTAL	$1,009,000
