City of Bell Agenda Report

DATE: February 15, 2012

TO: Mayor and Members of the City Council

FROM: Debra Kurita, Interim Community Services Director
Terry Rodrigue, City Engineer

APPROVED
BY:

Arne Croce, Interim Chief Administrative Officer

SUBJECT: Public Hearing - Community Development Block Grant FY 2011-12 New Program:
ADA Infrastructure Improvement Project Allocation

RECOMMENDATION:

Conduct a Public Hearing and adopt a Resolution establishing a multi-year Community Development Block Grant Program entitled the Americans with Disabilities Act (ADA) Infrastructure Improvement Project in the amount of \$240,000.

BACKGROUND AND DISCUSSION:

In 1974, the U.S. Congress introduced the Community Development Block Grant (CDBG) Program as part of the Housing and Community Development Act. The CDBG program is funded by the U.S. Department of Housing and Urban Development (HUD). Although the Act has been amended in recent years, the primary objective continues to be developing viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for low- and moderate-income persons.

The CDBG Program has three primary objectives:

- Benefit those with low- and moderate-incomes;
- Aid in preventing neighborhood deterioration; and
- Meet other urgent community development needs due to natural disasters or other emergencies.

The CDBG funding for smaller cities, those with a population under 50,000, is administered through counties; the City of Bell's funding is programmed through the Los Angeles County Community Development Commission (LACDC). Prior to approval of the programs and budget, a public hearing is required to receive and consider community input on the proposed CDBG program.

The US Department of Justice established Guidelines for compliance with Title III of the Americans With Disabilities Act, Public Law 101-336, effective January 26, 1992 (ADA). There are a number of facilities in the City of Bell that may not comply with ADA guidelines and, therefore, the disabled residents may be denied full access to public facilities as required by the Act. Many of the disabled residents meet the eligibility requirements of the low income category and depend heavily on City provided services.

The proposed project will allocate CDBG funding to construct infrastructure enhancements that will improve access to City owned and operated facilities for disabled individuals in accordance with ADA provisions. City staff will systematically identify specific locations throughout the City and determine compliance with ADA guidelines. Contractors will then be engaged to make the appropriate improvements or modifications.

The project will focus on improving access to facilities such as:

- Sidewalks
- Bus Stops
- Parking Lots
- Parks and Park Buildings
- City Hall
- City Council Chambers
- Police Department Building

The types of improvements will include:

- Construction of ramps
- Construction, widening and improving sidewalks
- Construction and installation of improvements in public restroom facilities
- Installation and improvement of curb ramps
- Installation and modification of handicapped parking spaces
- Installation of proper signage
- Modification of traffic signals
- Improvements to bus stops

FINANCIAL IMPACT

The funding for the CDBG Program is received from the U.S. Department of Housing and Urban Development through the Los Angeles Community Development Commission. The funds for the proposed \$240,000 project will be appropriated from the City's CDBG unallocated funds. The proposed project will include several phases: the preliminary engineering, which will determine the location and types of specific improvements, is estimated to cost \$40,000 with the balance of \$200,000 dedicated to the design and construction of the various infrastructure projects. If additional funds are available, the City may adjust the budget through a public hearing process during the year. There is no impact on the General Fund by this action.

FROM: Magdalena Prado, Senior Management Analyst

APPROVED

BY:

Arne Croce, Interim Chief Administrative Officer

SUBJECT: City of Bell Twitter Update

RECOMMENDATION:

Receive demonstration.

BACKGROUND AND DISCUSSION:

In an effort to further transparency, the City of Bell has initiated a new Twitter account to announce City-related information to the general public. Twitter is a free social media construct used as a communication tool, and more recently employed by public agencies to keep their communities updated.

The City of Bell Twitter site is identified as CityofBell. The City will use this tool to regularly announce information including community meeting alerts, Council votes, and news of interest to the Bell community. These messages are referred to as "Tweets". The Twitter logo will be promoted on the City website, and other materials for users to register as "followers".

Once a follower, a resident will receive the City's messages instantaneously, either on their smart phone, tablet or computer. As the City increases its followers, its message is conveyed to a broader audience. Conversely, the City will also "follow" others including news agencies, public agencies, culturally relevant sites or individuals. Their message will be displayed on the City's home page under the "Tweets" heading. This information may be "re-tweeted" and distributed to the City's followers as well.

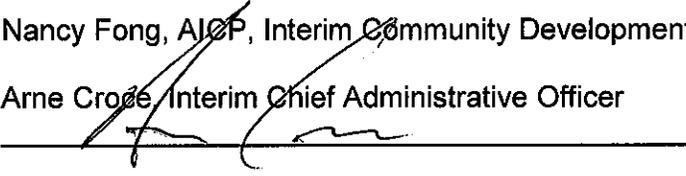

The Twitter feed, coupled with our growing email distribution list, City reader boards, website postings, and community outreach efforts, will continue to build greater transparency.

City of Bell Agenda Report

DATE: February 15, 2012

TO: Mayor and Members of the City Council Acting as Successor Agency to the former Bell Community redevelopment Agency

FROM: Nancy Fong, AICP, Interim Community Development Director

APPROVED BY: Arne Crode, Interim Chief Administrative Officer

SUBJECT: Consideration to adopt the Recognized Obligation Payment Schedule (ROPS) as required by AB1x26

RECOMMENDATION:

Adopt the resolution:

A resolution of the City Council of City of Bell acting as Successor Agency to Bell Community Redevelopment Agency, California, adopting the Recognized Obligation Payment Schedule (ROPS) pursuant to Health and Safety Code Section 34177

BACKGROUND/DISCUSSION:

On January 25, 2012, Bell Community Redevelopment Agency adopted Resolution No. 2012-12, amended the Enforceable Obligation Payment Schedule (EOPS) and adopted a Preliminary Draft Recognized Obligation Payment Schedule (PRDOPS) covering the period from January 1 through June 30, 2012. This was the last action of the Bell Community Redevelopment Agency. The two payment schedules were transmitted to State Controller, State Department of Finance and County Auditor and Controller, and posted on the City's website as required by AB1x26. The two payment schedules will be subjected to approval of the "Oversight Board" as soon as the board has sufficient members to form a quorum. To date, we have not heard from the Los Angeles County or other agencies as to their appointments to the Bell Oversight Board. Staff will continue to pursue information of the appointees to Bell Oversight Board by the various agencies and will inform the City Council.

Pursuant to a provision in AB1x26, another deadline is approaching. By March 1, 2012, the Successor Agency must adopt and transmit a Recognized Obligation Payment Schedule (ROPS) that lists enforceable obligations, payment due dates and source of payment for the periods of:

- February 1, 2012 through June 30, 2012; and
- July 1, 2012 through December 31, 2012.

By March 1, 2012, the Recognized Obligation Payment Schedule (ROPS) consisting of two payment schedules that cover two six-month periods must be submitted to the County Auditor-

7

Controller for certification. By April 15, 2012, both payment schedules must be transmitted to the Department of Finance for their review and approval.

Examples of recognized and enforceable obligations are pre-existing contracts, bonds and bond proceeds, administrative costs for the Successor Agency, pre-existing obligations to make loan repayments, and other such pre-existing obligations for which revenue and property taxes will be allocated to the Successor Agency. The Recognized Obligation Payment Schedule (ROPS) is not effective until it has been certified by an independent external auditor, approved by the yet-unformed Oversight Board, the State Department of Finance and State Controller and posted on the Successor Agency's website. The Recognized Obligation Payment Schedule (ROPS) must be adopted for each successive six-month fiscal period. Attached to this report is the Recognized Obligation Payment Schedules (ROPS) covering the two six-month periods prepared by our consultant, RSG. It is very similar to the previously amended Enforceable Obligation Payment Schedule (EOPS) and Preliminary Draft Recognized Obligation Payment Schedule (PRDOPS) with refinements including the obligation amount for the mobile home park infrastructure support and accompanying engineering study.

CONCLUSION:

Staff recommends the City Council acting as successor Agency to the former Bell community Redevelopment Agency adopt the attached resolution to adopt the Recognized Obligation Payment Schedule (ROPS).

City of Bell Agenda Report

DATE: February 15, 2012

TO: Mayor and Members of the City Council

FROM: Arne Croce, Interim Chief Administrative Officer

APPROVED BY: 

SUBJECT: Resolution of the City Council adopting a Pay Schedule for Department Head Classifications

RECOMMENDATION

That the City Council adopt the attached resolution operative January 1, 2012 as the Pay Schedule for Department Head classifications.

BACKGROUND

One of the findings of the audit conducted by CALPERS was that the Pay Schedules for the previous chief management personnel had not been submitted to the City Council of the City of Bell for determination (approval, rejection, or modification). On October 26, 2011 the City Council approved hiring CPS HR Consulting to perform the first ever classification and compensation study for the City of Bell. That study is currently underway with completion projected by the end of March 2012. Upon completion, a new resolution will be submitted to the City Council with a recommended pay schedule for every non-represented City of Bell classification.

California law limits the hours that retired CALPERS annuitants may work for a CALPERS agency to 960 hours per fiscal year. The City of Bell interim staff consists of several highly experienced recently retired annuitants from non-City of Bell CALPERS agencies. The interim assignments this fiscal year at the City of Bell will exceed the 960 hours per fiscal year limit.

On December 14, 2011 the City Council adopted a resolution requesting a waiver of the 960 hour limit for interim Bell executive staff in the 2011-12 fiscal year. To change interim staff again at six months would negatively impact the 2011/2012 Work Program Objectives for the City. Continuation of the interim staff until the executive searches for the permanent staff are completed will ensure a professional transition of leadership for the organization.

On January 1, 2012 Government Code section 21221 (h) was amended to include the requirement that the "compensation paid to the retiree shall not exceed the published pay schedule for the vacant position". Consistent with this code amendment, Cal PERS has requested an adopted salary schedule as part of their review process for the 960 hour exemption. Adoption of the attached resolution will ensure that the City of Bell is in full compliance with this amended Government Code section. A draft of this resolution has been sent to Cal PERS for review; they have been asked to identify and desired changes in the format of the resolution by Wednesday, February 15, 2011.

The recommended salaries reflect the salaries of the current interim appointees. These salary ranges will be adjusted by the City Council after review of the CPS HR study.

FINANCIAL IMPACT

There is no financial impact in adopting this resolution. The recommended salaries reflect the current salaries of the interim management appointees.

RESOLUTION NO. 2011-54

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BELL REQUESTING A WAIVER OF THE 960 HOUR LIMIT ON HOURS WORKED BY CALIFORNIA PUBLIC EMPLOYEES RETIREMENT SYSTEM ANNUITANTS IN FISCAL YEAR 2011/2012 AT THE CITY OF BELL

Whereas, the City Council elected in March 2011 contacted numerous public sector professional organizations in California to seek highly trained, experienced and available interim executive staff to assess the current state of operations at the City of Bell at rates of pay that were affordable to the City of Bell; and

Whereas, interim executive staff at discounted rates of pay have been employed in all key areas of the City government beginning in August 2011; and

Whereas, all of the interim executive staff who have accepted employment with the City of Bell at discounted rates are California Public Employees Retirement System annuitants; and

Whereas, the City of Bell has engaged an Executive Search Firm in December 2011 to begin the searches for permanent executive staff; and

Whereas, the investigations and litigation concerning alleged misconduct of prior City of Bell employees are ongoing and continuous; and

Whereas, the City Council of the City of Bell has determined that it is in the public interest to request the current interim executive staff to continue until permanent executive staff are in place in 2012; and

Whereas, a successful transition of executive leadership at the City of Bell will take more than six months to complete; and

Now, therefore, the City council of the City of Bell does resolve as follows:

The City of Bell requests that the Board of Administration of the California Public Employees Retirement System grant a waiver to the City of Bell on a one time emergency basis of the 960 hour limit on hours worked by the following California Public Employees Retirement System annuitants during fiscal year 2011/2012 for the following PERS annuitants:

City of Bell Agenda Report

DATE: February 15, 2012
TO: Mayor and Members of the City Council
FROM: Arne Croce, Interim Chief Administrative Officer
APPROVED BY: Arne Croce
Arne Croce, Interim Chief Administrative Officer
SUBJECT: Merger of Police Sergeants in to the Bell Police Officers' Association

RECOMMENDATION

That the City Council adopt the attached resolution to implement merging the Police Officer and Police Sergeants' Unit into one Police Officer Unit.

BACKGROUND

On May 23, 2011 the Bell Police Officers Association sent a letter to Pedro Carrillo, Interim Chief Administrative Officer advising him of the merger of the Bell Police Management Association into the Bell Police Officers' Association. At the first negotiations meeting on January 11, 2012 the City was provided a copy of this letter and asked to follow up to determine how to implement their request.

Most peace officer bargaining units in California include both Police Officer and Police Sergeant. From 1987 to 2008, both classifications were included in a single bargaining unit. In August of 2008, a separate unit consisting of the six Sergeant positions was established. Approval of this consolidation will restore the more traditional unit.

The Employer-Employee Relations Resolution of the City does not outline a specific process for merger of bargaining units. A bilateral Letter of Understanding between the parties outlining the terms and conditions of the merger is recommended as the most appropriate way to document the intent of the parties. The Association and the individual employees in Police Sergeant positions waive their rights to a secret ballot election under California law and the City agrees to recommend that the City Council rescind and amend past resolutions to implement this merger.

The attached resolution of the City Council rescinds Resolution No. 2008-40 which created the Bell Police Sergeants Unit, amends Section 11 of Resolution 1987-46 which designates Appropriate Units and Recognized Employee Organizations of the City of Bell and approves the attached Letter of Understanding with the Bell Police Officers Association that merges the Police Officer and Police Sergeants' Units into one Police Officer Unit.

The Letter of Understanding is being executed by the parties; a signed copy will be available by the time of the Council meeting on February 15, 2012. The City staff recommends merging the two units to reduce costs. The cost of continuing to negotiate a separate Memorandum of Understanding for six Sergeants exceeds any benefit received by the City.

FINANCIAL IMPACT

There is no direct financial impact in adopting this resolution. There will be cost savings by negotiating a single MOU with the combined unit rather than two separate MOUs.

THE CITY COUNCIL OF THE CITY OF BELL DOES HEREBY FIND,
DETERMINE, AND RESOLVE AS FOLLOWS:

SECTION 1. Findings

That this City Council is aware of the purpose, intent, and provisions of Section 3500 et seq. of the Government Code of the State of California, known as the "Meyers-Milias-Brown Act" (hereinafter "Act"); and

That the terms and provisions of this Resolution have been recommended for adoption by the City's administrative staff; and

That consultation has been met as required by the Act, with reference to the provisions hereof; and

That the public interest, convenience, and necessity require the adoption of this Resolution, establishing the regulations as hereinafter set forth.

SECTION 2. Purpose

This Resolution is adopted for the purpose of implementing the Act by providing orderly procedures for the administration of employer-employee relations between the City and its employee organizations. Nothing contained herein shall be deemed to supersede the provisions of State law, City ordinances, resolutions and/or rules which establish and govern the City's existing personnel system. This Resolution is intended to strengthen the City's existing personnel system by the establishment of uniform and orderly procedures providing for communication between employees, employee organizations, and the City.

It is the purpose of this Resolution to provide procedures for meeting and conferring in good faith with Recognized Employee Organizations regarding matters that directly affect and primarily involve the wages, hours, and other terms and conditions of employment of employees in appropriate units. Nothing herein shall be construed to restrict any legal or inherent exclusive City rights with respect to matters of general legislative or managerial policy, which include among others, the exclusive right: to determine the mission of its constituent departments, commissions and boards; to set standards and levels of service; to determine the procedures and standards of selection for employment; to direct its employees; to take disciplinary action; to relieve its employees from duty or abolish positions because of lack of work or for other lawful reasons; to maintain the efficiency of governmental operations; to determine the methods, means, and personnel by which government operations are to be

conducted; to take all necessary actions to carry out its mission in emergencies; and to exercise complete control and discretion over its organization and the technology of performing its work.

SECTION 3. Definitions

f. "Consult/Consultation in Good Faith" means to communicate orally or in writing for the purpose of presenting and obtaining views or advising of intended actions as distinguished from meeting and conferring in good faith regarding matters within the required scope of such meet and confer process; "Consult/Consultation in Good Faith" does not involve an exchange of proposals and counterproposals with a Recognized Employee Organization in an endeavor to reach agreement in the form of a memorandum of understanding, nor is the process subject to the provisions of Section 15 hereof.

The only authorization which shall be considered as Proof of Employee Support hereunder shall be the authorization last signed by an employee. The words "recently signed" shall mean that the card or petition was signed by the employee within one hundred eighty (180) days of its submission to the City.

n. "Recognized Employee Organization" means an employee organization which has been formally acknowledged by the City as an employee organization representing the employees in an Appropriate Unit.

o. "Supervisory Employee" means any employee who is designated as such by the City Council.

An employee organization, which seeks to be formally acknowledged as the Recognized Employee Organization representing the employees in an Appropriate Unit, shall file a petition with the ERO containing or enclosing all of the following information and documentation:

- a. Name and address of the employee organization.
- b. Names and titles of its officers.
- c. Names of employee organization representatives who are authorized to speak on behalf of the organization.
- d. A statement that the employee organization has, as one of its primary purposes, the responsibility of representing employees in their employment relations with the City.
- e. A statement whether the employee organization is a chapter of, or affiliated directly or indirectly in any manner, with a local, regional, state, national or international organization, and, if so, the name and address of each such other organization.

f. A certified copy of the employee organization's constitution and bylaws.

g. A designation of those persons, not exceeding two in number, and their addresses, to whom notice sent by regular United States mail will be deemed sufficient notice on the employee organization for any purpose.

h. A statement that the employee organization has no restriction on membership based on race, color, creed, ancestry, national origin, religion, sex, marital status, age, medical condition, or physical disability.

i. The job classifications or position titles of employees in the unit claimed to be appropriate and the approximate number of member employees therein.

j. A statement that the employee organization has in its possession Proof of Employee Support sufficient to establish that at least thirty (30) percent of the employees in the Appropriate Unit have designated the employee organization to represent them in their employment relations with the City. Such written proof shall be submitted for confirmation to the ERO.

k. A request that the ERO formally acknowledge the petitioner as the Recognized Employee Organization representing the employees in the designated Appropriate Unit for the purpose of meeting and conferring in good faith.

The Petition, including the Proof of Employee Support and all accompanying documentation, shall be declared to be true, correct and complete, under penalty of perjury, by a duly authorized officer of the employee organization.

SECTION 5. City Response to Recognition Petition

Upon receipt of the Petition, the ERO shall determine whether:

a. There has been compliance with the requirements of this Resolution relating to the petition requesting recognition; and

b. The proposed representation unit is an Appropriate Unit.

If an affirmative determination is made by the ERO on the foregoing two matters, the ERO shall so inform the petitioning employee organization, shall give written notice of such request for recognition to the employees in the affected Appropriate Unit, and shall take no action on said request for thirty (30) days thereafter. If either of the foregoing matters are not affirmatively determined, the ERO shall offer to consult thereon with such petitioning employee organization and, if the ERO's determination thereafter remains unchanged, notice of such deficiency shall be given to the organization of the reasons therefor in writing. The petitioning employee organization may

appeal such determination to the City Council, by a written appeal, filed with the City Clerk within ten (10) consecutive calendar days after the giving of notice of deficiency by the ERO. The City Council decision shall be final and conclusive.

SECTION 6. Open Period for Filing Challenging Petition

Within thirty (30) days of the date written notice was given to affected employees that a qualified recognition petition for an Appropriate Unit has been filed, any other employee organization may file with the ERO a competing request to be formally acknowledged as the Recognized Employee Organization of the employees in the same unit by filing a petition evidencing Proof of Employee Support in the contested Appropriate Unit of at least thirty (30) percent of the employees in such unit and otherwise in the same form and manner as set forth in Section 4.

SECTION 7. Election Procedure

If one or more qualified petitions is filed, the ERO shall call and conduct a secret ballot election. All employee organizations who have duly submitted petitions which have been determined to be in conformance with Sections 4, 5, and 6 herein shall be included on the ballot. The ballot shall also reserve to employees the choice of no Recognized Employee Organization for that Appropriate Unit. Employees entitled to vote in such election shall be those persons employed full time in permanent positions within the designated Appropriate Unit who were employed during the pay period which ended immediately prior to the date of the election. An employee organization shall be formally acknowledged as the Recognized Employee Organization for the designated Appropriate Unit if it received a numerical majority of all valid votes cast in the election. In an election involving three or more choices, where none of the choices receives a majority of the valid votes cast, the ERO shall conduct a run-off election between the two choices receiving the largest number of valid votes cast.

There shall be no more than one election, not including run-off elections, in any consecutive 360 day period affecting the same Appropriate Unit.

Costs of conducting elections shall be borne in equal shares by the City and by each employee organization appearing on the ballot.

SECTION 8. Procedure for Decertification of Recognized Employee Organization.

A Decertification Petition alleging that the incumbent Recognized Employee Organization no longer represents a majority of the employees in an established Appropriate Unit may be filed with the ERO only during the month of October of any year following the first full year of recognition or during the thirty (30) day period commencing one hundred twenty (120) days prior to the termination date of a Memorandum of Understanding applicable

to such unit. A Decertification Petition may be filed by two or more employees or their representative, or an employee organization, and shall contain the following information and documentation declared by the duly authorized signatory under penalty of perjury to be true, correct and complete:

a. The name, address and telephone number of the petitioner and a designated representative authorized to receive notices or requests for further information.

b. The name of the established Appropriate Unit and of the incumbent Recognized Employee Organization sought to be decertified as the representative of that unit.

c. An allegation that the incumbent Recognized Employee Organization no longer represents a majority of the employees in the Appropriate Unit, and any other relevant and material facts relating thereto.

d. Proof of employee support, pursuant to Section 3.1., that at least thirty (30) percent of the employees in the established Appropriate Unit no longer desire to be represented by the incumbent Recognized Employee Organization. Such proof shall be submitted for confirmation to the ERO.

An employee organization petitioning to decertify a Recognized Employee Organization may, in satisfaction of the Decertification Petition requirements hereunder, file a Petition in the form of a Recognition Petition that evidences Proof of Employee Support of at least thirty (30) percent in the Appropriate Unit, and shall include the allegations and information required under Section 7.c. and otherwise conform to the requirements of Section 4.

The ERO shall initially determine whether the Petition has been filed in compliance with the applicable provisions of this Resolution. If such determination is in the negative, the ERO shall offer to consult thereon with the representative(s) of such petitioning employees or employee organization and, if such determination thereafter remains unchanged, shall return such Petition to the employees or employee organization with a statement in writing of the reasons for the decision of the ERO. The petitioning employees or employee organization may appeal such determination to the City Council, by a written appeal, filed with the City Clerk within ten (10) consecutive calendar days after the giving of notice of deficiency by the ERO. The City Council decision shall be final and conclusive. If the determination of the ERO is in the affirmative, or if the ERO's negative determination is reversed on appeal, the ERO shall give written notice of such Decertification or Recognition Petition to the incumbent Recognized Employee Organization and to unit employees in the affected Appropriate Unit.

The ERO shall thereupon call and conduct a secret ballot election to be held on or about fifteen (15) days after such notice to determine the wishes of the employees of the Appropri-

ate Unit as to the question of decertification and, if a Recognition Petition was duly filed hereunder, the question of representation by an employee organization, or no representation. Such election shall be conducted in conformance with Section 7. The incumbent Recognized Employee Organization must receive a majority of votes cast to remain the Recognized Employee Organization.

During the "open period" specified in Section 6, the ERO may, if he/she has reason to believe that a majority of unit employees no longer wish to be represented by the incumbent Recognized Employee Organization, give notice to that organization and all employees of that Appropriate Unit that he/she will call and conduct an election to determine that issue. In such event any other employee organization may, within fifteen (15) days of such notice, file a Recognition Petition in accordance with this Resolution, which the ERO shall act on in accordance with this Resolution.

If, pursuant to this Resolution, a different employee organization is formally acknowledged as the Recognized Employee Organization, such organization shall be bound by all the terms and conditions of any Memorandum of Understanding then in effect for its remaining term.

SECTION 9. Policy and Standards for Determination of Appropriate Units

The City's objectives in determining an Appropriate Unit shall be the effect of such a proposed Unit on the efficient operations of the City; its compatibility with the primary responsibility of the City and its employees to effectively and economically serve the public; and insure that the employees in the proposed Unit have effective representation based on recognized community of interest considerations. These objectives require that each Unit shall be the broadest feasible grouping of positions that share an identifiable community of interest. Factors to be considered in determining such identifiable community of interest shall be:

a. Similarity of the general kinds of work performed, types of qualifications required, and the general working conditions, and

b. History of representation in the City and similar employment; except, however, that no unit shall be established solely on the basis of the extent to which employees in the proposed Unit have organized; and

c. Consistency with the organizational patterns of the City; and

d. Number of employees and classifications, and the effect on the administration of employer-employee relations created by the fragmentation of classifications and proliferation of units; and

e. Effect on the classification structure and impact on the stability of the employer-employee relationship of dividing a single or related classification among two or more units.

The City Council has studied the services performed by its employees, as well as the other community of interest factors outlined above and has determined that the following units constitute Units within the meaning of this Resolution:

a. All public safety employees in the classifications of Police Officer and Sergeant of the Police Department who hold the status of "peace Officer" within the meaning of Penal Code Section 830 et seq., and

b. All other non-management, non-supervisory, non-professional, and non-confidential employees of the City.

In the event a group of employees asserts a community of interest separate from the Units outlined above, such employees may petition the Employee Relations Officer for a modification of the established Appropriate Units in the manner described hereafter.

SECTION 10. Procedure for Modification of Established Appropriate Units

Requests for modifications of established Appropriate Units may be submitted in writing to the ERO and shall contain a complete statement of all relevant facts and citations in support of the proposed modification sought as to an Appropriate Unit.

The ERO may propose that an established Appropriate Unit be modified. The ERO shall give written notice of any proposed modification to an Appropriate Unit, to each employee organization then recognized as such by the City, and shall hold a meeting concerning the proposed modifications, at which time all affected employee organizations shall be heard. Thereafter the ERO shall recommend to the City Council whether the request or the ERO's proposal for a change in the Appropriate Unit or units should be approved. The decision of the City Council shall be final and conclusive.

SECTION 11. Previously Designated Appropriate Units and Recognized Employee Organizations

The following units shall be deemed designated as appropriate units and the following shall be deemed Recognized Employee Organizations without further compliance with the procedures set forth herein:

a. Bell Police Officers Association Unit -- All sworn peace officers in the rank of Police Officer and Sergeant.

b. National Association of Municipal Employees Unit -- All miscellaneous employees in the classifications pursuant to Attachment A.

c. Community Service Officers and Police Dispatchers Unit -- All employees in the classifications of Community Service Officers and Police Dispatchers.

SECTION 12. Designation of Classifications and Positions

Employees shall have the right to form, join and participate in the activities of employee organizations of their own choosing for the purpose of representation in accordance with this Resolution. Employees also shall have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the City. No employee shall be interfered with, intimidated, restrained, coerced, or discriminated against by the City or by any employee organization because of his/her exercise of these rights.

The City Council shall by resolution, from time to time, designate positions in the classified service as Management, Supervisory, Professional, and Confidential employees.

The persons holding Management, Supervisory, Professional, and Confidential positions are hereby restricted from representing any employee organization which represents other employees of the City of Bell on matters within the scope of representation. Except as specifically provided otherwise in Chapter 10 of Division 4 of Title 1 of the Government Code, this Resolution does not limit the right of the persons holding such positions to be members of and to hold office in an employees' organization.

The City Council hereby designates persons holding Peace Officer positions comprising the Police Department Unit as having duties consisting primarily of the enforcement of State and local laws, and employees in these classifications and positions shall be limited to forming, joining, participating and being represented by employee organizations which are composed solely of such law enforcement employees, which concern themselves solely and exclusively with the wages, hours, working conditions, welfare programs, and advancement of the academic and vocational training in furtherance of the police profession, and which are not subordinate to any other organization.

SECTION 13. Submission of Current Information by Recognized Employee Organizations.

All changes in the information contained in a Recognized Employee Organization's recognition petition shall be submitted in writing to the ERO within fourteen (14) days of such change.

SECTION 14. Administrative Rules and Procedures

The Chief Administrative Officer is hereby authorized to establish such rules and procedures as deemed appropriate to implement and administer the provisions of this Resolution.

SECTION 15. Initiation of Impasse Procedures

If, at any time, the meet and confer process has reached impasse as defined in this Resolution, either party may initiate the impasse procedures by filing with the other party a written request for an impasse meeting, together with a statement of its position on all issues. An impasse meeting shall then be scheduled promptly by the ERO. The purpose of such meeting shall be:

- a. To review the position of the parties in a final effort to reach agreement on a Memorandum of Understanding; and
- b. If the impasse is not resolved, to discuss whether mediation is appropriate.

SECTION 16. Construction

This Resolution shall be administered and construed as follows:

a. Nothing in this Resolution shall be construed to deny to any person, employee, Recognized Employee Organization, the City, or any authorized officer, body or other representative of the City, any right, power and authority granted by Federal or State Law.

b. This Resolution shall be interpreted so as to carry out its purposes as set forth in Section 2.

c. Nothing in this Resolution shall be construed as making the provisions of California Labor Code Section 923 applicable to City employees or employee organizations, or of giving employees or employee organizations the right to participate in, support, cooperate or encourage, directly or indirectly, any strike, sickout or other total or partial stoppage or slowdown of work.

d. That consideration of and as a condition of initial and continued employment by the City, employees recognize that any such actions by them are in violation of their conditions of employment except as expressly otherwise authorized by law. In the event employees engage in such actions, they shall be subject to discipline up to and including termination, and may be permanently replaced; and participating employee organizations may thereby lose any rights accorded them under City law or contract.

SECTION 17. Severability

If any provision of this Resolution, or the application of such provision to any persons or circumstance, shall be held invalid, the remainder of this Resolution, or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

City of Bell Agenda Report

DATE: February 15, 2012
TO: Mayor and Members of the City Council
FROM: Debra Kurita, Interim Community Services Director

APPROVED
BY: 
Arne Croce, Interim Chief Administrative Officer

SUBJECT: Agreement with SAESHE to provide grant administration services for the Regional Used Motor Oil Recycling Program.

RECOMMENDATION:

1. Approve an appropriations adjustment allocating Regional Used Motor Oil Recycling Grant Funds of \$5,232 in Cycle 15, \$10,774 in Cycle OPP1 and \$1,582 in Cycle OPP1A for a total of \$17,588 from the State of California Department of Resources, Recycling and Recovery.
2. Approve an agreement with SAESHE to provide grant administration services for the City of Bell's Regional Used Motor Oil Recycling Program in the amount of \$17,855.
3. Authorize the City Manager to designate the County of Los Angeles Department of Public Works as the lead agency for submitting applications and implementing the program for future funding for the Regional Used Motor Oil Recycling Grants.

BACKGROUND AND DISCUSSION:

The California Oil Recycling Enhancement Act, which is administered by the California Department of Resources Recycling and Recovery (CalRecycle), is a law designed to discourage the illegal disposal of used oil. In general, used motor oil and filters are often not recognized by the public as recyclable materials or as potential contributors to significant environmental pollution. Oil is a natural resource that can be collected, refined and reused. However, motor oil, in any form, can be potentially harmful to people, pets and wildlife and may contaminate the environment. Motor oil poured on the ground can contaminate soil or seep into the water supply. Motor oil emptied into the storm drain may ultimately be released, untreated, into the ocean, creating pollution and harming ocean life.

Further, oil filters, if not properly drained, can retain approximately one quart of oil; therefore, the filters, if improperly discarded, can also damage the environment. Additionally, steel can be recovered from filters and recycled into other products.

The Oil Recycling Enhancement Act requires oil manufacturers to provide funding to assist local governments in developing and maintaining an on-going used oil and used oil filter collection and recycling programs for their communities. The funding is provided to the local governments through grants from CalRecycle. The grants are designed to educate members of the public who change their own motor oil; these community members are considered "Do-It-Yourselfers."

For several grant cycles, the City of Bell's annual used motor oil grant program was administered through a consultant. Due to the changes in administration that occurred in the 2010-11 fiscal year, the City did not expend the \$10,136 grant that was awarded in the grant cycle that ended on June 30, 2011; and, as a result, these funds have been released back to CalRecycle. There are three grant cycles: Cycle 15, OPP1 and OPP1A, that conclude on June 30, 2012 for which the City has been awarded \$5,232, \$10,774 and \$1,582 respectively.

During a site visit conducted by the State in November, the program managers from CalRecycle recommended that the City consider partnering with the County of Los Angeles in its Used Motor Oil Recycling program. The County serves as the lead agency on this grant for a number of cities, including Alhambra, Lawndale, Artesia and San Marino. The County, through a competitive process, selected SAESHE, a public relations firm, as the contractor to administer the program. When contacted by the City, the County staff reported that they are very satisfied with SAESHE's services and performance.

As the County program for the current grant cycles is already underway, the City's opportunity to partner with this program will begin with the next cycle, which will begin around April 2012. In order to provide the program for the current cycles of funding, staff recommends the approval of an agreement with SAESHE for the program administration. The scope of work for this agreement includes the purchase of a number of functional items: shop towels, oil funnels and oil filters. These items will be distributed during the two filter exchange events that SAESHE will coordinate and staff in the City of Bell in March and April. Additionally, SAESHE will conduct annual site visits to Certified Collection Centers; produce and distribute event flyers and materials; distribute and analyze participant surveys; and prepare and submit the final reports to CalRecycle.

FINANCIAL IMPACT

The funding for the current grant cycles total \$17,588 and must be spent before June 30, 2012. Upon approval of the proposed appropriations adjustment, these funds will be available in the Regional Used Motor Oil Recycling Program account for professional services (account no.32-525-0322-0235) There is no impact on the General Fund by this action.

The 1-year warranty may be waived in

Exhibit "A" if the services hereunder do not include construction of any improvements or the supplying of equipment or materials.

2. COMPENSATION

2.1 Contract Sum. For the services rendered pursuant to this Agreement, Consultant shall be compensated in accordance with the "Schedule of Compensation" attached hereto as Exhibit "B" and incorporated herein by this reference, but not exceeding the maximum contract amount of Seventeen Thousand Five-Hundred Eighty-Eight Dollars (\$17,588) ("Contract Sum").

2.2 Invoices. Each month Consultant shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-Consultant contracts. Sub-Consultant charges shall also be detailed by such categories.

City shall independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by City. City will use its best efforts to cause Consultant to be paid within forty-five (45) days of receipt of Consultant's correct and undisputed invoice. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Consultant for correction and resubmission.

2.3 Additional Services. City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Consultant, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum but not exceeding a total contract amount of Nineteen Thousand Three-Hundred Forty-Six Dollars Eight Cents (\$19,346.80). Any greater increases, taken either separately or cumulatively must be approved by the City.

2.4 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "Public Works" and "Maintenance" projects. If the Services are being performed as part of an applicable "Public Works" or "Maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. Consultant shall determine the applicable prevailing rates and make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with

the Prevailing Wage Laws. The provisions of this Section may be waived in Exhibit "A" if inapplicable to the serves provided hereunder.

3.2 Schedule of Performance. Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "C" and incorporated herein by this reference. 3.3 Force Majeure. The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the Agency, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Inspection and Final Acceptance. City may inspect and accept or reject any of Consultant's work under this Agreement, either during performance or when completed. City shall reject or finally accept Consultant's work within forty five (45) days after submitted to City. City shall accept work by a timely written acceptance, otherwise work shall be deemed to have been rejected. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Article 5, pertaining to indemnification and insurance, respectively.

3.5 Term. Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding Sixty (60) days from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "C").

In the event any of said policies of insurance are cancelled, the Consultant shall, prior to the cancellation date, submit new evidence of insurance in conformance with

Section 5.1 to the Contract Officer. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records.

6.2 Reports. Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement or as the Contract Officer shall require.

7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law. This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California.

7.2 Disputes; Default. In the event that Consultant is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the City may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, if circumstances warrant. During the period of time that Consultant is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. If Consultant does not cure the default, the City may take necessary steps to terminate this Agreement under this Article.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or

different times, of any other rights or remedies for the same default or any other default by the other party.

7.4 Termination Prior to Expiration of Term. This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Consultant reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days' written notice to Agency, except that where termination is due to the fault of the Agency, the period of notice may be such shorter time as the Consultant may determine. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Consultant has initiated termination, the Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer. In the event the Consultant has initiated termination, the Consultant shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder, but not exceeding the compensation provided therefore in the Schedule of Compensation Exhibit "B". In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.5 Termination for Default of Consultant. If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

8. MISCELLANEOUS

This Agreement may be amended at any time by the mutual consent of the parties by an instrument in writing.

8.5 Severability. In the event that part of this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

8.6 Waiver. No delay or omission in the exercise of any right or remedy by non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

8.7 Attorneys' Fees. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which any be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees, whether or not the matter proceeds to judgment.

1. Executive Summary

We understand the challenges the City of Bell is facing to meet the requirement of the CalRecycle 15th Cycle and OOP1 /OPP1A grants. With the grant cycles ending on June 30, 2012, the City of Bell must implement its' Regional Used Motor Oil and Filter Recycling programs in a very limited time frame.

In order to accomplish this, we have put together a thorough and comprehensive campaign that will connect with targeted City of Bell residents to bolster their awareness, encourage them to take action, and ultimately result in life-long behavior changes via an increase in used motor oil and oil filter recycling.

Our plan is to utilize high-profile action opportunities (such as recycling events that resonant with target audiences' interests) along with tactical messages and creative as the core of the campaign. We will establish direct relationships with our target communities through interactive and action-driven on-the-ground work. In addition, we will build on existing relationships with partners and CCCs in order to ensure easy recycling experiences, promote awareness of the campaign and provide added incentives for audiences to recycle.

Since its inception in 1992, SAESHE has helped companies maximize the power of their products, services, and corporate brands by developing highly targeted marketing and communications solutions that utilize research, advertising, creative development, public relations and community outreach.

SAESHE's experienced staff provides a unique synthesis of perspectives and skills to reach today's cynical consumers by creating compelling, effective campaigns to ensure that clients are presented positively, constructively, and consistently to their various audiences.

For over a decade, SAESHE has successfully planned and executed comprehensive public education programs on state and county levels to address a variety of social issues, ranging from health promotion to preserving the environment. We are experts in reaching specific audiences and overcoming obstacles to change perceptions and initiate behavioral change. Our public awareness efforts include:

Specifically, our team has very strong category experience with clients that mirror the City of Bells' Regional Used Motor Oil Program. We have worked extensively with Los Angeles County Department of Public Works on Recycling Used Motor Oil and Oil Filters program for past four years on a county level and work with CalRecycle on Used Motor Oil Recycling statewide targeting multi cultural communities.

SAESHE has performed tasks of specific relevance for the City of Bell's needs, including:

- Organizing and coordinating used motor oil and oil filter collection events with partnerships such as AutoZone and O'Reilly Auto Parts stores
- Community and media outreach to build grassroots awareness, to drive traffic to events, and to generate press coverage about the events and campaign
- Developing and conducting surveys in multiple languages about motor oil recycling and analyzing the results

SAESHE is the ready to hit the ground running. Our experience and knowledge of the objectives, the market, and the program coupled with our existing network of partners and program specific vendors make us the best team for the City of Bell.

3. Work Plan

FILTER EXCHANGE EVENTS

Raising public awareness about the benefits and ease of recycling used oil and oil filters is only one-half of this campaign, albeit an important one. The other vital half is motivating the target audience to act on their awareness and *change* their behavior by bringing in used oil and filters.

For our events, we will work closely and in partnership with certified collection centers and approved used oil haulers, as needed, to coordinate all collection efforts. We will seek licensed vendors, coordinate promotional items distribution, as well as secure manifests, permits and other documents from vendors.

To best reach the target markets, in the most cost-efficient manner, we suggest hosting two (2) total filter exchange events at the following location:

- ↳ O'Reilly Auto Parts: 7019 S. Atlantic Avenue
 - March 31, 2012
 - April 28, 2012
 - Events will be held from 10a.m to 2p.m

This will allow us to have enough time to promote the events and compilation of survey results for the final report, which is due by June 30, 2012.

Event logistics

The first 100 residents to recycle their used motor oil filters will receive a free, new FRAM-brand oil filter in exchange (limit one oil filter per participant). Those who recycle used motor oil and/or used oil filters will receive free shop towels and oil funnels.

Prior to each event, SAESHE will coordinate event logistics with the O'Reilly Auto Parts store and outreach to local media, community organizations, business associations, etc. to promote the event.

ANNUAL SITE VISITS

As required by the grant, SAESHE will conduct at least one Certified Collection Center (CCC) site visit during the contract period. The purpose of the site visit will be to check if Used Motor Oil and Oil Filter signages are properly displayed and to update CCC(s) regarding new CalRecycle procedures or activities.

PRODUCTION OF FUNCTIONAL ITEMS

For this campaign, we recommend creating useful, interesting functional items that effectively carry the campaign message to extend reach. These functional items would be given away at filter events as well as other locations that the City of Bell deem appropriate to promote used motor oil and oil filter recycling:

Item and Quantity	Description
Event Flyers (1,000)	Flyers with event information to distribute to local media and organizations
Shop Towels (500)	This is a functional item approved by CalRecycle to distribute to residents.
Oil Funnels (500)	This is a functional item approved by CalRecycle to distribute to residents.
FRAM-branded oil filters (200)	To exchange for those who recycle a used motor oil filter at the event. This is a functional item approved by CalRecycle to distribute to residents. (100 filters per event)

CAMPAIGN MONITORING AND EVALUATION PLAN

Our team will closely monitor and evaluate the program to ensure the success of the program, and to make any necessary adjustments.

Informal Intercept Surveys

Our team would design and distribute a short, half-page intercept survey to gather event participants' perception and knowledge of used motor oil recycling. In addition, this informal survey will allow us to track the age, ethnicity and location of each respondent, as well as how and why they came to attend the event.

Final Report

We will submit the annual Final Report, covering the start of the 15th cycle/OOP1 to June 30, 2012. The report will include:

- ↳ Amount of used oil and filters collected
- ↳ Number of attendees
- ↳ Feedback from consumers via informal surveys
- ↳ Amount of publicity/editorial coverage
