Welcome to the City Council Meeting

The Bell City Council and staff welcomes you. This is your City Government. Individual participation is a basic part of American Democracy and all Bell residents are encouraged to attend meetings of the City Council.

Regularly City Council meetings are held the second and fourth Wednesday of the month at 7:00 p.m., Bell Council Chambers, 6330 Pine Avenue. For more information, you may call City Hall during regular business hours 8:00 a.m. to 4:00 p.m., Monday through Friday at (323) 588-6211 Extension 217.

City Council Organization

There are five City Council members, one of whom serves as Mayor and is the presiding officer of the City Council. These are your elected representatives who act as a Board of Directors for the City of Bell. City Council members are like you, concerned residents of the community who provide guidance in the operation of your City.

Addressing the City Council

If you wish to speak to the City Council on any item which is listed or not listed on the City Council Agenda, please complete a *Request to Speak Card* available in the back of the City Council Chambers. Please submit the completed card to the City Clerk prior to the meeting.

The Mayor will call you to the microphone at the appropriate time if you have filled out a *Request to Speak Card.* At that time, please approach the podium, clearly state your name and address, and proceed to make your comments.

Compliance with Americans with Disabilities Act

The City of Bell, in complying with the Americans with Disabilities Act (ADA), request individuals who require special accommodation(s) to access, attend, and or participate in a City meeting due to disability. Please contact the City Clerk's Office, (323) 588-6211, Ext. 217, at least one business day prior to the scheduled meeting to insure that we may assist you.

IX. Communications From The Public

This is the time, members of the public may address the City Council, Community Redevelopment Agency, the Community Housing Authority, the Public Finance Authority and the Bell Solid Waste Authority on non-agenda items that are under the subject matter jurisdiction of City Council and/or its related authorities and agencies.

State law prohibits the Council and/or its related authorities and agencies from taking any action on a matter not on this Agenda. Any matter may be referred to the Interim Chief Administrative Officer to submit a report to the Council at the next meeting.

Each person who addresses the Council must do so in an orderly manner and must not make personal, impertinent, slanderous or profane remarks to any member of the council, staff or general public. Any person who makes such remarks, or utters loud, threatening, personal or abusive language or who engages in any other disorderly conduct that disrupts, disturbs or otherwise impedes the orderly conduct of the Council meeting will, at the discretion of the presiding officer or a majority of the Council, be barred from further audience before the Council during that meeting.

The City Council will now reconvene to identify items they wish to discuss at the next meeting. These items will not be acted on at this meeting, only identified for the next meeting.

X. Identification of Items for Next City Council Meeting.

XI. Mayor and City Council Communications

Pursuant to Assembly Bill 1234, this is the time and place to provide a brief report on Meetings, Seminars and Conferences attended by Mayor and City Councilmembers.

City Clerk

City of Bell
Agenda Report

DATE: August 24, 2011

TO: City Council

FROM: Ken Hampian, Interim Chief Administrative Officer

SUBJECT: Interim Chief Administrative Officer Agreement

RECOMMENDATION:

That the City Council should approve an agreement with Mr. Arne Croce to serve in the position of Interim Chief Administrative Officer (iCAO).

BACKGROUND:

On July 22, 2011, the agreement with former Interim City Administrative Officer, Pedro Carrillo, expired and he left City service. Because the search for a new Interim CAO had not yet produced a replacement, the Mayor was required to fill the role for a short period of time. During this time, three organizations were especially helpful to Bell by reaching out to find someone to fill the urgent need for very short term CAO and, after meeting that need, encouraging excellent professionals to apply to fill the longer term iCAO vacancy. The three organizations were the League of California Cities, the International City and County Managers Association, and the California City Managers Foundation.

The outreach for applicants was very productive, eventually resulting in over 60 applications. After screening was completed by professionals representing the three organizations, a list of three top candidates was recommended to proceed to City Council interviews. The interviews were conducted on August 10, 2011 and Mr. Arne Croce was chosen as the Council's preferred candidate. Mr. Croce's very impressive resume is attached.

AGREEMENT TERMS:

Mr. Croce will earn $3,230 per week or $14,000 monthly. There are no benefits associated with the agreement, such as insurance, retirement or housing assistance. The total cost of the agreement will depend upon the length of Mr. Croce's service, which shall be limited to a period of months due to PERS rules and Mr. Croce's other interests. The attached agreement details other understandings, including the scope of services that Mr. Croce will provide.

One significant priority during Mr. Croce's tenure will to initiate the recruitment of a long term CAO. Given the positive support from the professional community that Bell is now experiencing, the outlook for such a recruitment is looking much better every day.

AGENDA ITEM NO.

INTERIM CHIEF ADMINISTRATIVE OFFICER AGREEMENT

This INTERIM CHIEF ADMINISTRATIVE OFFICER AGREEMENT ("Agreement") is entered into this ___th day of August, 2011, by and between the CITY OF BELL ("City"), a California charter city and municipal corporation, and ARNE CROCE ("Interim CAO"), an individual.

RECITALS

WHEREAS, the City Council of the City of Bell ("City Council") desires to contract with Interim CAO to serve in the position of Interim Chief Administrative Officer for the City and Interim CAO desires to perform and assume responsibility for the provisions of professional services to the City as Interim CAO to temporarily fill the position of the Chief Administrative Officer, which position is prescribed by state law, the City's Municipal Code, and the City's Charter; and

WHEREAS, the City Council desires to establish the terms and conditions of Interim Chief Administrative Officer services to the City through this Agreement; and

WHEREAS, it is the desire of the City Council to (i) secure and retain the services of Interim CAO after having conducted a competitive selection process, (ii) have Interim CAO perform all of the regular functions of the Chief Administrative Officer pursuant to the Charter of the City of Bell, codes and regulations of City, (iii) to provide inducement to Interim CAO to maintain such employment, and (iv) to establish the terms and conditions of Interim CAO's services to the City through this Agreement; and

WHEREAS, the parties wish to have Interim CAO perform the services of the Chief Administrative Officer, while the City conducts its recruitment for a permanent Chief Administrative Officer, and will terminate Interim CAO's employment upon the City Council's recruitment of a permanent Chief Administrative Officer; and

WHEREAS, Interim CAO has the skills and expertise to fulfill such position and desires to accept employment from the City.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, including the Recitals which are made a part hereof, City and Interim CAO hereby agree as follows:

AGREEMENT

1.0 DUTIES

1.1 Duties. City hereby contracts with Interim CAO to serve as the Interim Chief Administrative Officer for the City. As Interim Chief Administrative Officer, Interim CAO shall perform the functions and duties of Chief Administrative Officer, including serving as the Executive Director of the Bell Community Redevelopment Agency, as specified in the City's Charter, Municipal Code and in the Government Code of the State of California, and such other

legally permissible and proper duties and functions as the City Council shall, from time-to-time, direct or assign.

1.2 Work Schedule. Interim CAO shall work during City's current regular work schedule, 8:00 a.m. to 5:00 p.m. Monday through Friday. Interim CAO shall be permitted to modify his work schedule so long as such modified schedule does not interfere with Interim CAO's ability to complete his duties as described in Section 1.1 or the City's orderly operations and functions. Interim CAO shall notify the Mayor and City Council in advance of any absence from the City greater than two consecutive work days. The City and Interim CAO acknowledge that Interim CAO will be attending a preplanned personal event between September 7, 2011 and September 13, 2011. Additionally, Interim CAO shall attend meetings outside of normal business hours, as normally attended by the Chief Administrative Officer, including, but not limited to, City Council and Commission regular and special meetings and workshops. Accordingly, although Interim CAO's duties may require in excess of forty hours per week, Interim CAO shall not be entitled to additional compensation for such extra time.

1.3 Employment Status. Interim CAO shall serve at the will and pleasure of the City Council and understands that he is a retired CalPERS annuitant serving at the pleasure of City Council and subject to summary dismissal without any right of notice or hearing, including any so-called *Skelly* hearing. Interim CAO expressly agrees that the City may terminate this contract with Interim CAO at any time, as set forth in Section 2.2 below.

1.4 City Documents. All data, studies, reports and other documents prepared by Interim CAO while performing his duties during the term of this Agreement shall be furnished to and become the property of the City, without restriction or limitation on their use. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other materials either created by or provided to Interim CAO in connection with the performance of this Agreement shall be held confidential by Interim CAO to the extent permitted by applicable law. Such materials shall not, without the prior written consent of the City Council, be used by Interim CAO for any purposes other than the performance of his duties. Nor shall such materials be disclosed to any person or entity not connected with the performance of services under this Agreement, except as required by law.

2.0 TERM

2.1 Term. To enable Interim CAO to continue receiving employment and other benefits pursuant to the California Public Employees Retirement System ("PERS"), the term of this Agreement shall in no event be in an amount of hours greater than that allowed pursuant to California Government Code Section 21221, which limits Interim CAO to working no more than 960 hours per fiscal year unless an extension is granted prior to the expiration of the 960 hour period. Interim CAO shall keep a log of his daily work start and stop times for purposes of hours accounting to ensure compliance with California Government Code Section 21221. Interim CAO represents and warrants that his execution of this Agreement with a commencement date of August 25, 2011 will not cause a violation of the limitations of Government Code Section 21221 for fiscal year 2011-2012. Moreover, the City and Interim CAO agree that this Agreement shall terminate no later than March 1, 2012; provided that:

(a) If the City Council appoints a permanent Chief Administrative Officer before March 1, 2012, Interim CAO's services shall terminate within such time thereafter as the parties shall agree upon in writing, not to exceed one week.

(b) If the City Council does not appoint a permanent Chief Administrative Officer prior to March 1, 2012, the term herein may be extended for so long as is required for the City Council to identify and appoint a permanent Chief Administrative Officer if timely approval of such extension is obtained from PERS pursuant to Government Code section 21221(h), as such extension would cause Interim CAO's services hereunder to exceed a total of 960 hours in fiscal year 2011-2012. Should an extension be desired, the City and Interim CAO shall cooperate to take any necessary action to secure such approval from PERS.

2.2 Termination by City or Interim CAO. The City Council may terminate this Agreement at any time with or without cause, without notice to Interim CAO. Additionally, Interim CAO may terminate this Agreement at any time with or without cause, provided he provides City Council with at least two (2) weeks' advance written notice prior to the effective date of termination, unless a shorter period is acceptable to the City Council. Interim CAO expressly agrees that he shall not be entitled to any severance pay as the result of the termination of this Agreement for any reason whatsoever.

3.0 COMPENSATION AND REIMBURSEMENT

3.1 Compensation. For the services rendered pursuant to this Agreement, Interim CAO shall be compensated Fourteen Thousand and 00/100 Dollars ($14,000.00) per month, beginning the week of August 29, 2011 which shall be paid in installments at the same time that other City employees are paid, with the understanding that Interim CAO shall be solely responsible for the payment of all taxes and similar matters himself. For any hours worked that are a fraction of a whole month, Interim CAO shall be compensated at the rate of $80.77 per hour. In exchange for the personal time off discussed in Section 1.2, Interim CAO agrees to work pro-bono for the week of August 22 – 26, 2011 and shall be compensated Zero Dollars ($0) for said week. Such amounts shall be Interim CAO's sole compensation for his services under this Agreement. Interim CAO is not entitled to additional compensation for attendance at meetings outside of normal business hours, including, but not necessarily limited to, City Council and Commission regular and special meetings and workshops. The parties understand and hereby agree that Interim CAO shall not be entitled to the benefits provided by the City to its employees, including but not limited to, paid vacation, medical insurance, dental insurance, life insurance, deferred compensation, disability insurance, PERS benefits, PARS benefits, unemployment insurance or retirement. Interim CAO shall not be subject to the City's Civil Service Rules and Regulations.

3.2 Reimbursable Expenses. City acknowledges that occasional travel outside of the City may be required of Interim CAO to tend to City business; and that participation by Interim CAO in professional meetings and conferences is in the interest of City. If the Interim CAO attends conferences or travels out of town for City business, the City shall reimburse Interim CAO for the reasonable non-personal business expenses incurred during performance of the aforementioned work, including mileage at the IRS reimbursement rate, provided written documentation of all expenses are provided by Interim CAO pursuant to the

established policies and customary practices of the City. Business travel that will exceed more than one nights lodging will be approved in advance by the Mayor and the City Council shall be notified of such approval.

4.0 CONDITIONS OF INTERIM CAO'S SERVICES

4.1 Conflicts Prohibited. During the term of this Agreement, Interim CAO shall not engage in any business or transaction or maintain a financial interest which conflicts, or reasonably might be expected to conflict, with the proper discharge of Interim CAO's duties under this Agreement.

4.2 Relationship of Parties. Interim CAO agrees and understands that the work/services performed under this Agreement are performed as a retired CalPERS annuitant and Interim CAO acquires none of the rights, privileges, powers or advantages of regular City employees.

4.3 Automobile. At his cost, Interim CAO shall provide his own vehicle and vehicle insurance in providing the services hereunder. This vehicle insurance shall cover any and all vehicles used as transportation to and from the worksite and any City-related travel.

5.0 BONDS AND INDEMNIFICATION

5.1 Indemnification. City shall defend, hold harmless and indemnify Interim CAO against any tort, professional liability, claim or demand, or other legal action arising out of an alleged act or omission occurring in the performance of Interim CAO's services under this Agreement. This section shall not apply to any intentional tort or crime committed by Interim CAO, to any action outside the course and scope of the services provided by Interim CAO under this Agreement, or any other intentional or malicious conduct or gross negligence of Interim CAO.

5.2 Bonds. City shall bear the full cost of any fidelity or other bonds which may be required in the performance of Interim CAO's services under this Agreement.

6.0 GENERAL PROVISIONS

6.1 Entire Agreement. This Agreement represents the entire agreement between the parties and supersedes any and all other agreement, either oral or in writing, between the parties with respect to Interim CAO's contract by City and contains all of the covenants and agreements between the parties with respect to the services provided by Interim CAO under this Agreement. Each party to this Agreement acknowledges that no representations, inducements, promises or agreements, orally or otherwise, have been made by either party, or anyone acting on behalf of either party, which are not embodied herein, and that no other agreement, statement or promises not contained in this Agreement shall be valid or binding upon either party.

6.2 Notices. Any notice required or permitted by this Agreement shall be in writing and shall be personally served or shall be sufficiently given when served upon the other party as sent by United States Postal Service, postage prepaid and addressed as follows:

To City:

City Attorney
City of Bell
6330 Pine Ave
Bell, California 90201

To Interim CAO:

Arne Croce

Notices shall be deemed given as of the date of personal service or upon the date of deposit in the course of transmission with the United States Postal Service.

6.3 Effect of Waiver. The failure of either party to insist on strict compliance with any of the terms, covenants, or conditions of this Agreement by the other party shall not be deemed a waiver of that term, covenant, or condition, nor shall any waiver or relinquishment of any right or power at any one time or times be deemed a waiver or relinquishment of that right or power for all or any other times.

6.4 Partial Invalidity. If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

6.5 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California, which are in full force and effect as of the date of execution.

6.6 Independent Legal Advice. City and Interim CAO represent and warrant to each other that each has received legal advice from independent and separate legal counsel with respect to the legal effect of this Agreement and, City and Interim CAO further represent and warrant that each has carefully reviewed this entire Agreement and that each and every term thereof is understood and that the terms of this Agreement are contractual and not a mere recital. This Agreement shall not be construed against the party or its representatives who drafted it or who drafted any portion thereof.

IN WITNESS WHEREOF, the City of Bell has caused this Agreement to be signed and executed on its behalf by its Mayor, and duly attested by its City Clerk, and Interim CAO has signed and executed this Agreement, the day and year below written.

City of Bell
Agenda Report

DATE: August 24, 2011

TO: Mayor and Members of the City Council

FROM: Kenneth C. Hampian, Interim Chief Administrative Officer

BY: David A. Bass, Budget Consultant

SUBJECT: ARTICLE XIIIB APPROPRIATIONS LIMIT

RECOMMENDATION:

It is recommended that the Bell City Council Adopt the Resolution entitled A **RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BELL, CALIFORNIA, APPROVING AND ADOPTING THE ANNUAL APPROPRIATIONS LIMIT FOR THE FISCAL YEAR 2011-12.**

BACKGROUND:
The appropriations limitation imposed by Propositions 4 and 111 creates a restriction on the amount of revenue which can be appropriated in any fiscal year. The limit is based on actual appropriations during the 1978-79 Fiscal Year, and is increased each year using the growth of population and inflation. Not all revenues are restricted by the limit, only those which are referred to as "proceeds of taxes." Proceeds of taxes are defined as:

- All taxes levied by or for an agency
- Any revenue from regulatory licenses, user charges and user fees to the extent that the proceeds exceed the cost of providing the regulation, product or service. (This would include transfers from an enterprise fund to the extent those funds exceeded the cost of providing the services)
- Discretionary State subventions
- Any interest earned from the investment of the proceeds of taxes
- Any taxes from a licensed hazardous waste facility, except that which is used to mitigate the impacts caused by the facility

In addition, proceeds of taxes are allowed to be spent on several types of appropriations which do not count against the limit. The law allows a city to spend tax proceeds on voter approved debt and the costs of complying with court orders and Federal mandates, with certain restrictions. Proposition 111 expanded these exempt categories to include expenditures for "qualified capital outlay" beginning in 1990-91. Appropriations for these excludable categories do not count against the limit.

In order to ensure that taxes are counted in the appropriations limit of only one agency of government, Article XIIIB and Government Code Section 7903 require that if the State provides funds to a local government with no strings attached, they will be counted as "State Subventions" and will be included in the limit of the local agency. If the State specifies that funds are restricted in their use then they are to be counted in the State's limit.

During any fiscal year, a city may not appropriate any proceeds of taxes they receive in excess of their limit. If they do receive excess funds in any one year, they carry them into the subsequent year to be used if they are below their appropriations limit in that year. Any excess funds remaining after the second year have to be returned to the taxpayers by reducing tax rates or fees. As an alternative, a majority of the voters may approve an "override" to increase the limit (the law only allows such an override to last for four years maximum).

The League of California Cities prepared Uniform Guidelines in order to assist cities to better understand the requirements of Article XIIIB of the Constitution. The Guidelines recommend interpretations and formulas which are most consistent with the intent of Propositions 4 and 111, State law, and court decisions. Each year, the City Council is required to adopt, by resolution, the appropriations limit. The Bell calculations comply with the Uniform Guidelines and are in compliance with Article XIIIB.

Adjustment Factors

The appropriations limit for the coming fiscal year is computed by applying the two adjustment factors to the prior year's limit. The two adjustment factors are inflation and population, and are selected and computed independently of each other.

Inflation

Each year, the City selects either the percentage change in the California Per Capita Personal Income or the percentage change due to nonresidential new construction. For use in Fiscal Year 2011-12, the nonresidential new construction change is -9.62% and the California Per Capita Personal Income change is 2.51%. The adjustment selected for use in calculating the FY 2011-12 appropriations limit is the California Per Capita Personal Income change. The selection of the component within the inflation adjustment factor for this fiscal year does not bind the City as to the component selected next fiscal year.

Population

Each year, the City selects either the City's own population growth or the population growth of the entire County. For use in Fiscal Year 2011-12, the County's population growth (0.38% vs. 0.21% for the City) was selected. The selection of the component within the population adjustment factor for this fiscal year does not bind the City as to the component selected next fiscal year.

Appropriations Limit for Fiscal Year 2011-12

In preparing the appropriations limit calculation worksheets, staff used the amounts contained in the Bridge Budget for FY 2011-12.

- Worksheet 1 determines the amount, if any, of fees that are classified as proceeds as taxes. Only the portion of fees that exceed the cost of providing the service are classified as proceeds of tax.
- Worksheet 2 calculates the proceeds of taxes. The proceeds of taxes are those revenues that are subject to the appropriation limit. Many revenues received from the State and all revenues received from the Federal Government are not subject to the Appropriation Limit.
- Worksheet 3 allocates the interest earning between a proceeds of tax and a non-proceeds of tax.
- Worksheet 4 shows how much the City expects to receive in proceeds of taxes for FY 2011-12 ($10,986,110), and its relation to the Gann Limit.
- Worksheet 5 lists the annual adjustment factors to the limit for population and inflation.
- Worksheet 6 calculates the Appropriation Limit for FY 2011-12 using the prior year's limit and adjusting it by the price and population factors.
- Worksheet 7 lists the appropriations that are excluded from the limit calculation. The most notable of the exclusion for Bell is the payment on the general obligation bonds.
- Supplemental Worksheets – these worksheets list the all the revenues in the Bridge Budget and their classification. The results of these supplemental worksheets were than carried into worksheets 1, 2 and 3.

These worksheets have been made available to the public for inspection.

It's important to note that the City is safely within its Gann Limit by $40,323,507, and that only 21.4% of the Gann Limit capacity is expected to be used in FY 2011-12.

Based on the selected components of the two adjustment factors and last year's limit, the appropriations limit for Fiscal Year 2011-12 is $51,309,617 and the City's appropriations subject to the limit are $10,986,110.

RESOLUTION NO. 2011-34

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BELL, CALIFORNIA, APPROVING AND ADOPTING THE ANNUAL APPROPRIATIONS LIMIT FOR THE FISCAL YEAR 2011-12.

WHEREAS, the voters of California, on November 6, 1979, added ARTICLE XIIIB to the State Constitution placing various limitations on the appropriations of the state and local governments; and

WHEREAS, Article XIIIB provides that the appropriations limit for the fiscal year 2011-12 is calculated by adjusting the base year appropriations of fiscal year 1978-79 for changes in inflation and population; and

WHEREAS, Proposition 111 (Section 1.5 of Article XIIIB), enacted by the voters on June 5, 1990, modified the method of calculating the limit, beginning with fiscal year 1990-91; and

WHEREAS, the City of Bell has complied with all of the provisions of Article XIIIB in determining the appropriations limit for fiscal year 2011-12;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BELL, CALIFORNIA, DOES RESOLVE AS FOLLOWS:

SECTION 1. That the City of Bell chooses to use the change in California Per Capita Income as the inflation adjustment factor for the fiscal year 2011-12 of 2.51%.

SECTION 2. The City of Bell chooses to use the Los Angeles County change in population of 0.38% for the 2011-12.

SECTION 3. The City of Bell uses the Uniform Guidelines published by the League of California Cities in March 1991, to determine the limit and appropriations subject to the limit.

SECTION 4. Documentation for calculation of the limit is on file in the Finance Department and will be reviewed by the City's auditors during the annual financial audit as required by Proposition 111.

SECTION 5. The appropriations limit for the City of Bell for the fiscal year 2011-12 is $51,309,617.

ADOPTED AND APPROVED this 24th day of August 2011.

Ali Saleh, Mayor

City of Bell
Agenda Report

DATE: August 24, 2011

TO: Mayor and Members of the City Council

FROM: Kenneth Hampian, Interim Chief Administrative Officer

PREPARED BY: David A. Bass, Budget & Fiscal Consultant

SUBJECT: **Adoption of Fiscal Year 2011-2012 Bridge Budget: Not the End, But a New Beginning**

RECOMMENDATION:

1. Conduct a Public Hearing on the Bridge Budget
2. After receiving public comment and discussing the recommended budget, adopt a FY 2011-12 Bridge Budget.

BACKGROUND: A New Beginning

This report summarizes a longer Budget Message included in the recommended Bridge Budget. This is evidently the City's first "new" budget since 2005.

Regarding the process, as outlined during our August 8, 2011 budget study session, the short story is that the 2011-12 process started much too late and without sufficient Council and community input. The document itself is not formatted to be "user friendly" and tell the story of our priorities and goals, as a budget should. However, we have done the best we can without starting all over. Starting all over in August would only assure an extremely late budget and time lost that could be better spent planning for a much improved process in 2012-13.

Therefore, attached for your consideration and adoption is the Bridge Budget Fiscal Year 2011-12 (July 1, 2011 to June 30, 2012). Adoption of the "Bridge Budget", which is largely a "status quo" budget, allows the City to meet state required filing of the budget with Los Angeles County and to meet City Charter requirements.

With the adoption, the City Council and staff can get the City through the current fiscal year and also provide an opportunity for staff, led by the longer-term Interim CAO, to study the current organization, service levels, and needs in the upcoming months. In addition it will allow for the longer-term Interim CAO the opportunity to return to the Council and public with a greatly revised and improved process for FY 2012-13, which would include early public and council involvement and direction. Improvements to the

budget format can also be made so that the document better communicates goals, priorities, and projects. In fact, this work has already begun with recommendations to Council and the community planned for this fall.

Budget Not Etched in Stone (and need for transition support, too)

Not all goals have to be deferred to the end of the fiscal year, such as modification to the employee benefit program, staffing levels, or the capital improvement program for FY 2011-12. Amendments can still be made during the year, after proper analysis and consultation have been concluded. Other changes may also be made, including mid-year amendments as new, better, data emerges and as circumstances require. Some funding for what we are calling "Transition Support" will allow the Interim CAO to make timely decisions to address unmet needs, as discussed further in the Budget Message. Potential needs include audit support, other critical staffing voids, long term CAO recruitment costs, modest out-of-pocket expenses for some pro-bono support, and training. The recommended funding to support transition is available as a result of an improved fund balance estimate. The Interim CAO will keep the Council advised as to the specific uses of this special category of support this fiscal year.

New Fund Balance Estimate

The Bridge Budget estimates an increase in overall June 30, 2012 General Fund balance projection of $552,000 (from $1.12 million to 1.67 million). One reason for this projected end-of-year balance is the sum of the changes made to the proposed budget (not eliminating existing positions and not funding new or vacant positions). The increase is also driven by the projected revenue (FY 2010-11) for the utility user's tax (UUT) collected by Edison, along with an increase in the UUT projected in the budget amount for FY 2011-12. The reasons for these projected increases are further outlined in the Budget Message.

Significant Unresolved Issues

There are a number of issues that will challenge the City this fiscal year, including:

1. In 2007 the City, after authorization by the vote of the registered voters of the City of Bell, issued $35 million in general obligation bonds. Typically, these bonds are funded by a property tax levy. For the past few years, the City has not levied sufficient property taxes to fund the principal and interest payments due each fiscal year so the City has used bond proceeds to pay some of the principal and interest. This continues into FY 2011-2012, however work is already underway to determine if this practice is legal and/or appropriate.
2. The Bell Public Financing Authority owes $35 million on a taxable lease revenue bond that was used to purchase a property formerly owned by the General Services Administration. The debt as due last fiscal year; however, the principal amount of $35 million has not yet been repaid. There is no provision to pay the debt in the proposed budget for the Fiscal Year 2011-2012.
3. Pending additional agency reviews may further create other fiscal impacts on the City, especially in terms of reimbursement by the General Fund.

4. The audit for FY 2009-10 and 2010-11 has not been completed. The Auditor will begin work shortly, if they have not already begun. Annual audits of even healthy cities place significant added demands on staff that, if not met, will slow down the audit process and, potentially, weaken its results. In Bell's case, the audit is covering two years and very complicated issues. Some transition support in this area is likely to be needed.
5. Overall, staff levels are not adequate in Bell and continuing to leave nearly all department head positions vacant is not sustainable for the long term. However, as noted on August 8, more analytics are necessary to determine the best course of action for the future. These analytics must – at a minimum - consider the best overall organizational structure for the longer term, along with proper salary and benefit levels.
6. Employee training and development has been virtually non-existent in the City since 2007, except for public safety employees who have the benefit of the State of California's "POST" program which reimburses training costs.

A New Beginning and Ongoing Monitoring and Accountability

When the Bridge Budget is adopted it is not the end. Instead, it will allow us to start fresh now to create a much improved budget process and document for 2012-13. In fact, by the time we hold our budget hearing on August 24th, staff will already have developed preliminary ideas for the 2012-13 process, schedule and format. These and other ideas will be reviewed by Council and the community this fall. There is also the need to constantly monitor the actual results.is accomplished by regular reports to the City Council and community, including a mid-year budget review in early 2012.

Budget Message

To the Honorable Mayor and Members of the City Council,

Introduction: Not the End, But a New Start

I am submitting to the City Council and the residents of the City of Bell a proposed Bridge Budget for Fiscal Year 2011-12 (July 1, 2011 to June 30, 2012). This budget does not reflect best practices in budget preparation and presentation on many levels. The budget preparation process started very late (June 28, 2011) and there was insufficient time to develop a budget with adequate input from the City Council, community, and staff. In addition, the format is very "numbers heavy" and does not tell the story of community goals and priorities as a budget should. These weaknesses were obvious to the City Council, community and I (as the new Interim CAO) when considered at a regular Council meeting on July 27, 2011 and later at a study session on August 8, 20111.

However, the City needs an adopted budget and there are elements of the work completed by the Budget Consultant that can offer a reasonable budget to follow for the remainder of the FY 2011-12. Adoption of the "Bridge Budget", which is largely a "status quo" budget, allows the City to meet state required filing of the budget with Los Angeles County and to meet some City's Charter requirements.

With the adoption of the Bridge Budget the City Council and staff can get the City through the current fiscal year and also provide an opportunity for staff, led by the longer-term Interim CAO, to study the current organization, service levels, and needs in the upcoming months. In addition it will allow for the longer-term Interim CAO the time and opportunity to return to the Council and public with a greatly revised and improved process for FY 2012-13, which would include early public

and council involvement and direction. Improvements to the budget format can also be made so that the document better communicates goals, priorities, and projects. In fact, by the time the Council considers this Bridge Budget on August 24, 2011 early work will have already begun on an improved process and format.

The Need for Amendments and Transition Support During the Year

Not all goals have to be deferred to the end of the fiscal year, such as modification to the employee benefit program, staffing levels, or the capital improvement program for FY 2011-12. Amendments can still be made during the year, after proper analysis and consultation have been concluded. Other changes may also be made, including mid-year amendments as new, better, data emerges and as circumstances require. For example, staff will return to Council with a recommended use for an anticipated $100,000 in Citizens Options for Public Safety ("COPS") funds. Additionally, there may be unmet needs that might not "wait" for the start of the next fiscal year – needs that are critical to the success of the transition and reform now underway . For example, the need to properly support the upcoming audit may require funding, as discussed later in this message. There are several unfilled department head positions. The new Interim CAO may feel that filling a position – even on an interim basis -- is crucial. Your current Interim CAO has also just learned that funding for training has been stripped from all non-public safety functions of the City since 2007. For these reasons, as outlined further later in this message, this budget recommends setting aside some funds for "Transition Support," included targeted training as judged necessary by the new Interim CAO.

Changes from the Proposed Budget to the Bridge Budget

- As requested by Council during the August 8, 2011 study session, this budget includes a list of the City's bonds, an explanation of key revenue and expenditure assumptions, and a list of employee salaries (in the future, it is recommended that these salaries be listed by position, and not by name).
- An increase in overall June 30, 2012General Fund balance projection of $552,000 (from $1.12 million to 1.67 million), as detailed in a separate subheading below. This increase is driven, in part, by the sum of the changes made to the proposed budget (not eliminating existing positions and not funding new or vacant positions). Additionally the projected revenue (FY 2010-11) for the utility user's tax (UUT) collected by Edison, along with an increase in the UUT projected in the budget amount for FY 2011-12. The UUT is collected by each utility and remitted to the City monthly. The Edison payment that was received by the City in September 2010 was not recorded in the City's "books" and therefore was not part of the year to date UUT revenue used by the Budget Consultant in preparing the Proposed Budget (there was no loss or negative financial impact to the City as a result of this item not being recorded – and it will be recorded soon). The Bridge Budget includes the September receipt for FY 2010-11.

- The positions proposed to be eliminated are funded in the Bridge Budget and therefore not eliminated (e.g. the command staff in the Police Department; the Recreation Supervisor positions).
- Vacant upper management positions (Police Chief, Director of General Services, Director of Community Services, Deputy City Engineer, and Accounting Manager) are not funded, except for the CAO position (but at a lower cost for this fiscal year as a result of not hiring a long term city manager until late in 2011-12).
- No new or additional full-time positions are funded in the Bridge Budget (Director of Planning and the 4 police officer positions that were proposed to be funded via the COPS grant).
- However, the Bridge Budget has reserved $350,000 in the non-departmental cost center for Transition Support. This is intended to set aside funds to give the Interim CAO the flexibility to fund organizational needs crucial to a successful transition. This could include added support for the audit, hiring a critically needed department head (e.g. an interim police chief), funding some special studies (if pro bono support isn't adequate), long tern CAO recruitment costs, modest out-of-pocket expenses for some pro-bono support, and targeted training to meet important transition needs . The dollar amount recommended to be set aside represents about half of the increase in projected 2011-12 fund balance and CAO salary savings. As noted above, General Fund revenues are budgeted to be $332,770 greater than budgeted General Fund expenditures. This amount is also available to fund the Transition Support or as a cushion against unplanned changes in the budget.
- While the City will initially continue to pay the employee portion of CalPERS retirement system, this matter should be reviewed in the early part of the fiscal year with the goal of reducing City costs.
- The list of City's Engineer's proposed engineering projects and capital improvement projects have been included in the appendix of the Bridge Budget. The specific requests have been funded in the appropriate fund (Gas Tax, Prop C, etc.). The City Council may wish to review the list of proposed projects and engineering studies to affirm that they are good recommendations for this fiscal year.
- The City Engineer's report for the benefit assessment districts (trash collection & disposal, sewer, recycling, and lighting/landscaping) included a 10% overhead charge for the operation of each benefit assessment district. That amount ($304,620) is shown as revenue for the General Fund.

Items of Significance Remaining in the Bridge Budget

- A $300,000 payment by the City to the supplemental retirement. In prior years, except for FY 2010-11, the City has made payments into the supplemental retirement plan for non-safety employees in amounts greater than indicated by actuarial study. The proposed $300,000 payment for FY 2011-12 is about one-half of the 2009 Actuarial Study recommended amount. However, before any payment is made, the City should determine the status of the time and the intent of the City with respect to the continuance, discontinuance, termination and/or modification of the plan.

- A transfer from the Surplus Property Authority to the General Fund of $180,000 for the estimated cost of the FY 2009-10 audit. Normally, this audit cost would have been recorded in FY 2010-11, however, since the work will not commence until FY 2011-12 it will be expenditure in FY 2011-12.

Estimated End of Year Fund Balance – Up From Proposed Budget Estimate

The Bridge Budget estimates an available fund balance (reserves or unassigned fund balance) at June 30, 2012 of $1,555,388. This assumes that the revenues come as estimated and the expenditures do not exceed the budget. . This is somewhat higher than the projections presented in the May 2011 report to the City Council. The reasons for this area are: (1) the estimates utilized the beginning fund balance rather than cash reserves (cash balance was used as an approximation of available fund balance which was lower than fund balance), (2) the revenues are estimated to be slightly greater than previously estimated, and (3) the expenditures are projected to be lower than previous projections. Hopefully this will still be the case when the audit for FY 2009-10 and FY 2010-11 are completed.

Unreserved (unassigned) Fund Balance (per audit) at 6/30/2009	10,987,770
Less: Taxes Receivable - Current	(5,229,205)

FY 2009-2010:	
Actual Revenues	13,683,649
Actual Expenditures	(13,718,802)
Unaudited Unreserved (unassigned) Fund Balance at 6/30/2010	5,723,412

Budgeted Expenditures	(12,704,340)
Budgeted Unreserved (unassigned) Fund Balance at 6/30/2012	**1,673,958**

Why the focus on General Fund available (unassigned) fund balance – It is a measure of the fiscal health of a City. The available (unassigned) fund balance helps with cash flow variations during the year (cities receive a significant amount of revenue in December/January and April/May. Additional reasons are for emergencies and other problems. For example, if the City is required to repay approximately $481,000 to State Parks for grant violations which occurred during the prior administration, then it is likely that these funds will come from the unallocated fund balance.

What is the "appropriate" fund balance level? The Government Finance Officers Association (GFOA) recommends, "at a minimum, that general-purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures". For the City of Bell this translates into a minimum available (unspecified) fund balance of about $2.1 million. A goal over time will be to build our fund balance.

Revenue and Expenditure Trends

As part of this message it is important to share some historical trends of revenue and operating expenditures. There is more detail in the Appendix, including information about revenue and expenditure assumptions, as requested by Council.

Revenues (General Fund)

- Revenues from the State or subject to the economy (such as sales tax, and property tax) have decreased from $6.2 million in FY 2006-07 to an estimated $5.2 million in FY 2011-12. The decrease is primarily a result of a decrease in sales tax revenue. The decrease in sales tax revenue was caused by the recession and the closing of businesses in Bell, notably Sopp Chevrolet and Kinetic Concepts.
- Revenues associated with building & safety and planning (such as building permits and plan check fees) have been reduced from $0.5 million in FY 2006-07 to an estimated $0.2 million in FY 2011-12.

- Those revenues associated with city levied fees (vehicle code violations, parking violations, unlicensed drivers, towing, etc.) have dropped from $2.8 million in FY 2006-07 to an estimated $1.2 million in FY 2011-12, perhaps as a result of a reduction in some enforcement programs, such as DUI and unlicensed drivers. Staff will attempt to have more information about this at the August 24 meeting. Parks and Recreation associated revenue from $0.5 million in FY 2006-07 to an estimated $0.2 million in FY 2011-12, based on recent trends. The most significant revenue decreases were from snack bar sales, one-day excursions, and skate park.
-

Expenditures (personnel and operating [excludes debt service and capital projects])

- Salary and benefits, excluding retirement, have decreased from $8,659,355 in FY 2010-11 to $6,571,690 in FY 2011-12. This decrease is a result of by reducing the number of employees, especially highly paid employees, the non-funding of some vacant positions, and reduction in budgeted overtime.
- Debt Service increases from $7.3 million to 7.6 million due to required principal payment.
- Retirement is budgeted to increase, largely due to a $300,000 payment for the non-safety supplemental retirement plan. In FY 2010-11 no payment was made to the trustee administering the program. Prior to any payment in FY 2011-12 the City should review the plan, determine if the plan should be eliminated or any changes should be made and after that an updated actuarial report completed.

Significant Unresolved Issues:

1. In 2007 the City, after authorization by the vote of the registered voters of the City of Bell, issued $35 million in general obligation bonds. Typically, these bonds are funded by a property tax levy. For the past few years, the City has not levied sufficient property taxes to fund the principal and interest payments due each fiscal year so the City has used bond proceeds to pay some of the principal and interest. This continues into FY 2011-2012, however the City should determine if this practice is legal and/or appropriate.
2. The Bell Public Financing Authority owes $35 million on a taxable lease revenue bond that was used to purchase a property formerly owned by the General Services Administration. The debt as due last fiscal year; however, the principal amount of $35 million has not yet been repaid. There is no provision to pay the debt in the proposed budget for the Fiscal Year 2011-2012.
3. Pending additional agency reviews may further create other fiscal impacts on the City, especially in terms of reimbursement by the General Fund (e.g. the previously noted State Park fund grant issue).
4. In general, staff levels are not adequate in Bell and continuing to leave nearly all department head positions vacant is not sustainable for the long term. However, as noted on August 8, more analytics are necessary to determine

the best course of comprehensive action. In the meantime, the availability of some Transition Support funds will allow the Interim CAO to make some headway in critical areas this fiscal year.

5. The State of California adopted their budget the last few days of June and with that adoption impacted several revenues which cities and their redevelopment agencies had expected to receive in FY 2011-2012. The most notable of the changes was to redevelopment agencies. This budget recognizes the State action and proposes that the revenue received by the Community Redevelopment Agency is the amount required to fund redevelopment agency debt service for the fiscal year. There may be other options the City and the Redevelopment Agency could take in response to the State action. This is a very fluid issue, especially given the law suit files by the League of California Cities and the decision by the California Supreme Court to hear the matter.

When the Bridge Budget is adopted it is not the end. Instead, it will allow us to start now to create a new beginning toward a much improved budget process and document for 2012-13. In fact, by the time we hold our budget hearing on August 24th, staff will already have developed preliminary ideas for the 2012-13 process, schedule and format. These and other ideas will be reviewed by Council and the community this fall. There is also a need to constantly monitor the actual results. This is accomplished by regular reports to the City Council and community, such as conducting a mid-year budget review in early 2012. Therefore, it is expected that the Bridge Budget will be amended during the year and that the quality and reliability of the City's budget will improve as a better process and format are developed and the overdue audits are completed.

City of Bell
Fiscal Year 2011-12 Bridget Budget
Summary of Key Revenue and Expenditure Assumptions

Revenues

The City of Bell receives revenue from a variety of sources, such as residents, property owners, users of City services, Federal Government, State Government, and LA County. Some of these revenues can be used for any lawful purpose and are in the General Fund. Those revenues that have restrictions on their use, such as funds received from federal, state, and county are placed in separate funds, categorized as special revenue funds.

General Fund

The top three revenue sources represent 64.2% of the total General Fund revenues, before transfers.

1. Utility Users Tax

FY 2008-09 Actual	$3,599,282
FY 2009-10 Actual	$3,123,678
FY 2010-11 Projected	$3,243,980
FY 2011-12 Budget	$3,348,300
% of GF revenue	26.8%

The City levies a 10% tax on all residences and businesses using the following utilities; telephone, electricity, natural gas, water, and cable television. Although the tax is collected for the City by each utility company, it is a tax on the user, not on the utility. The projection shows a 3% increase over the projected 2011.

2. Motor Vehicle in Lieu

FY 2008-09 Actual	$2,948,369
FY 2009-10 Actual	$2,972,944
FY 2010-11 Projected	$2,942,560
FY 2011-12 Budget	$2,971,980
% of GF revenue	23.8%

Several years ago cities received, from the State, a portion of the vehicle license renewal fees. Over the past few years that has changed and cities now receive property tax in lieu of vehicle license fees. Since the LA County Assessor reported a 1% increase in property valuation from FY 2011 to FY 2012, this revenue is projected to increase by 1%.

3. Sales Tax

FY 2008-09 Actual	$2,571,221
FY 2009-10 Actual	$1,922,371
FY 2010-11 Projected	$1,986,000
FY 2011-12 Budget	$1,689,000
% of GF revenue	13.5%

4. Debt Service Property Tax Levy

FY 2008-09 Actual	$0
FY 2009-10 Actual	$977,675
FY 2010-11 Projected	$1,369,290
FY 2011-12 Budget	$1,382,980
% of GF revenue	11.1%

5. General Property Taxes

FY 2008-09 Actual	$575,373
FY 2009-10 Actual	$475,359
FY 2010-11 Projected	$546,560
FY 2011-12 Budget	$552,030
% of GF revenue	4.4%

The City receives an effective rate of 1% on all taxable sales that occur within the City. The State, through a series of budget balancing efforts, now remits to cities 0.75% of sales directly to the cities and the remaining 0.25% through an allocation of property taxes. The property tax portion is estimated by the state and then adjusted by previous year's actual results. The projection is from HdL Companies, a firm the City contracts with from sales tax analysis.

This revenue is the voter approved property tax levied to pay the principal and interest on the general obligation bonds. The total bonds issued to date is $50 million. The levy pays about 50% of the amount needed to pay the full debt service for FY 2011-12. This revenue is projected to increase by 1%, the amount of assessed valuation increase per the LA County Assessor for FY 2011-12.

Under Proposition 13 adopted in June of 1978, property taxes, for general purposes, were reduced to 1% of the market value of the property at that time. Property values increase by a maximum of 2% per year. However if the property is sold the sales price becomes the new assessed value. A recent report by the LA County Assessor states that assessed value of property in Bell increased by 1%, therefore the revenue is estimated to increase by 1% over FY 2011.

6. Franchise Fees

FY 2008-09 Actual	$253,331
FY 2009-10 Actual	$489,928
FY 2010-11 Projected	$461,600
FY 2011-12 Budget	$471,780
% of GF revenue	3.8%

Franchise fees are levied by the City on a variety of utilities at various rates, some of which are set by the State. The franchise fees represent usage of City right-of-way (typically streets). The FY 2012 Budget is based on prior year trends.

7. Business Licenses

FY 2008-09 Actual	$800,703
FY 2009-10 Actual	$662,406
FY 2010-11 Projected	$333,500
FY 2011-12 Budget	$343,500
% of GF revenue	2.8%

Anyone conducting business in the City is required to pay a City business license tax. Additionally there are some business operation fees that are charged by the City. In response to an audit by the State Controller, fees and charges were reduced. The FY 2012 budget is based on those reductions and a 3% increase over FY 2011.

8. Parks & Recreation Fees

FY 2008-09 Actual	$488,159
FY 2009-10 Actual	$262,775
FY 2010-11 Projected	$241,600
FY 2011-12 Budget	$248,840
% of GF revenue	2.0%

The City offers a variety of recreation programs, many of which require the user of the specific program to pay a fee. The FY 2012 revenue is an increase of 3% over the FY 2011 projected.

9. Planning & building Fees/Charges

FY 2008-09 Actual	$425,762
FY 2009-10 Actual	$252,816
FY 2010-11 Projected	$299,285
FY 2011-12 Budget	$211,560
% of GF revenue	1.7%

Planning and building fees are those fees charged for new building construction, building improvements, plan checks, and a variety of other related fees. Because of the economy it is estimated that the fees and charges for FY 2012 will continue to decrease as compared to prior years.

10. Rents & Concessions

FY 2008-09 Actual	$187,173
FY 2009-10 Actual	$125,552
FY 2010-11 Projected	$130,760
FY 2011-12 Budget	$131,500
% of GF revenue	1.1%

The City rents the library to LA County. Additionally, there are a variety of cell phone rental sites in the City, in which the cell phones companies pay rent to the City. Only a minor increase is expected for the coming year.

Special Revenue Funds

1. Rents - BCHA

FY 2008-09 Actual	$3,028,327
FY 2009-10 Actual	$2,909,616
FY 2010-11 Projected	$2,769,680
FY 2011-12 Budget	$2,778,000
% of Special revenue	18.3%

This revenue is derived from the rental of the properties owned by the City for residential use. It includes the Bell mobile home park, the Florence Village mobile home park, and about 19 other properties.

2. Property taxes - Retirement

FY 2008-09 Actual	$2,724,619
FY 2009-10 Actual	$2,975,620
FY 2010-11 Projected	$2,204,210
FY 2011-12 Budget	$2,614,530
% of Special revenue	17.2%

This revenue is the voter approved property tax levied to pay the retirement costs of the City. The total revenue is less than the total retirement costs and the difference is paid by General Fund revenues. This revenue is projected to increase by 1%, the amount of assessed valuation increase per the LA County Assessor for FY 2011-12.

151

3. CRA – Tax Increment

FY 2008-09 Actual	$4,421,054
FY 2009-10 Actual	$4,950,332
FY 2010-11 Projected	$3,833,610
FY 2011-12 Budget	$2,486,380
% of Special revenue	16.4%

Years ago, the City established a redevelopment agency, which now contains 3 project areas. Near the end of June 2011, the State enacted certain laws that significantly impacted all redevelopment agencies in the State. The budgeted revenue represents the amount of revenue that will fully fund the annual debt service requirements for bonds issued by the redevelopment agency.

4. Benefit Assessment Districts

FY 2008-09 Actual	$3,183,370
FY 2009-10 Actual	$3,305,233
FY 2010-11 Projected	$3,327,420
FY 2011-12 Budget	$3,052,520
% of Special revenue	20.1%

The City has four benefit assessment districts; (1) sanitation [trash collection and disposal], (2) street lighting, (3) recycling, and (4) sewer. The revenue is from a benefit assessment levied on properties in the City and is done pursuant to an engineer's report. The 2012 budget revenue is based on the engineer's report.

5. County Transportation Funds

FY 2008-09 Actual	$1,030,775
FY 2009-10 Actual	$1,148,395
FY 2010-11 Projected	$1,149,885
FY 2011-12 Budget	$1,311,500
% of Special revenue	8.6%

Bell receives from the LA County Metropolitan Transportation Authority funds pursuant to Prop A, Prop C, and Measure R. Generally, these funds are for transportation (dial-a-ride) and transportation improvement projects along certain major streets. The FY 2011-12 Budget is based on information provided by the MTA

6. Gas Tax

FY 2008-09 Actual	$1,574,640
FY 2009-10 Actual	$1,326,125
FY 2010-11 Projected	$941,360
FY 2011-12 Budget	$1,221,290
% of Special revenue	8.1%

The State allocates a portion of gas tax revenues to cities under four distinct funding categories. The distribution is primarily based on population. These revenues are restricted by the State law for street purposes only. The 2012 Budget is based on estimates provided by a consultant for the League of California Cities.

157

7. CDBG

FY 2008-09 Actual	$690,981
FY 2009-10 Actual	$653,547
FY 2010-11 Projected	$603,190
FY 2011-12 Budget	$892,850
% of Special revenue	5.9%

Community Development Block Grant (CDBG) funds are Federal Funds allocated to the City by LA County Community Development Commission. The City receives notice of the allocated amount each year, however, the receipt of the funds is based actual expenditures as submitted on reimbursement requests forms. The FY 2011-12 amount is the allocation stated by the LA County CDC.

8. Rents – Surplus Property Authority

FY 2008-09 Actual	$734,580
FY 2009-10 Actual	$739,978
FY 2010-11 Projected	$739,340
FY 2011-12 Budget	$739,340
% of Special revenue	4.9%

This represents rents collected by the City on the surplus property the City purchased several years ago. The FY 2011-12 Budget assumes no increase in the rental rates.

9. Grants

FY 2008-09 Actual	$683,767
FY 2009-10 Actual	$1,378,953
FY 2010-11 Projected	$63,410
FY 2011-12 Budget	$327,000
% of Special revenue	2.2%

Bell receives a number of grants from time to time. The City has received a grant, funds of which will be expended in FY 2011-12 for the Florence Overlay Project.

10. COPS

FY 2008-09 Actual	$204,524
FY 2009-10 Actual	$147,540
FY 2010-11 Projected	$81,960
FY 2011-12 Budget	$100,000
% of Special revenue	0.7%

The State provides a grant, Citizens Option for Public Safety (COPS) for improved police services. The allocation, pursuant to the recently adopted State budget for FY 2011-12 is $100,000.

Expenditures

Bells' expenditures are divided into five broad categories; (1) personnel, (2) retirement, (3) operations, (4) capital outlay/projects, and (5) debt service. These categories will be shown on a citywide basis, rather than by General Fund and all other funds. The reason for this is that for FY 2011-12 there was a reallocation of personnel costs from a wide variety of funds to the General Fund. The analysis on a Citywide basis allows for an improved level of comparison as opposed to a fund by fund analysis.

1. Personnel Services

FY 2008-09 Actual	$11,211,291
FY 2009-10 Actual	$11,345,357
FY 2010-11 Projected	$8,659,355
FY 2011-12 Budget	$6,771,680
% of Total Expenditures	23.3%

Since the scandal, the personnel costs of the City have been reduced by reducing the number of employees, especially highly paid employees, and the pay of existing employees. The FY 2011-12 Budget is based on existing salary and benefit levels (excludes retirement). There is no increase in salaries for FY 2011-12. The benefit costs for health insurance have been increased based on new rates from CalPERS. There are some vacant positions that have not been funded in FY 2011-12.

2. Retirement

FY 2008-09 Actual	$4,194,921
FY 2009-10 Actual	$3,585,695
FY 2010-11 Projected	$1,838,880
FY 2011-12 Budget	$2,425,670
% of Total Expenditures	8.3%

This category of expenditures shows great variation from year to year. The variation is due to reduced salary levels, increases in the CalPERS retirement rates, and the amount the City has paid into the supplemental retirement plan. The FY 2011-12 Budget is based on current CalPERS retirement rates, health insurance rates for retirees, and $300,000 as a payment toward the supplemental retirement plan.

3. Operations

FY 2008-09 Actual	$10,943,189
FY 2009-10 Actual	$12,615,200
FY 2010-11 Projected	$13,708,430
FY 2011-12 Budget	$9,255,260
% of Total Expenditures	31.8%

This category accounts for everything from supplies to utilities, to professional services. The FY 2011-12 Budget is based on historical trends, with a focus on the more recent years.

4. Capital Outlay/Projects

FY 2008-09 Actual	$7,667,664
FY 2009-10 Actual	$4.101,497
FY 2010-11 Projected	$1,148,890
FY 2011-12 Budget	$2,985,110
% of Total Expenditures	10.3%

Capital projects, by their nature, vary greatly from year to year. The capital projects are based on recommendations from the City Engineer.

5. Debt Service

FY 2008-09 Actual	$8,724,419
FY 2009-10 Actual	$8,225,546
FY 2010-11 Projected	$7,293,339
FY 2011-12 Budget	$7,649,850
% of Total Expenditures	26.3%

The debt service is composed of both interest and principal payments required for the fiscal year. The schedule of payment utilized was from the City's Comprehensive Annual Financial Report.

BOND and NOTE DEBT

WHAT IS A BOND? A bond is an established contract between a bond issuer (borrower) and the bond holder (lender) to repay borrowed money with interest, A bond is similar to a loan.

WHY DO CITIES ISSUE BONDS? Cities issue bonds to raise money to execute various projects. Bond payments must be made at specific dates over the life of the bond. The bond matures when the bond and its interest is paid off.

WHAT ARE THE CITY OF BELL'S OUTSTANDING BOND DEBT OBLIGATIONS? Currently, the City of Bell has seven outstanding bond obligations. Each bond is different and issued for a different purpose. They are as follows:

1. **1998 Certificate of Participation (COP) Bond –** The City issued this bond to 1) fund public improvement projects including the acquisition, construction, installation and rehabilitation of public improvements including streets, parking improvements, and structures; 2) establish a set-aside fund in the event of financial uncertainty associated with the bond; 3) establish an account to deposit and pay future interest payments; and 4) pay for any initial legal, financial, or bond-related expenses.
2. **2003 Bell Community Redevelopment Agency Redevelopment Project Area Tax Allocation Refunding Bond (TARP)** The City issued this bond to repay previous redevelopment bonds and establish an account to deposit monies and pay future interest payments for projects within the Redevelopment Area.
3. **2005 Bell Community Housing Authority (BCHA) Revenue Refunding Bonds –** The City issued this bond to refund the first bond issue to acquire the Bell and Florence Village Mobile Home Park and acquire additional rental properties under the BCHA.
4. **2007 Bell Public Financing Authority Taxable Lease Revenue Bond (GSA Property) –** The City issued this bond to 1) refund prior bonds used for the acquisition of the former GSA property; 2) prepare the property for lease; and 3) pay for any initial legal, financial, or bond-related expenses.
5. **2009 Promissory Note** – The Bell Community Redevelopment Agency entered into a promissory agreement (note) for the purchase of a commercial property within the City. Payments are to made monthly for a period of 15 years.

WHAT ARE LEVY BONDS? Levy bonds are bonds that are partially paid by "levying" or taxing property owners. As such, they require voter approval. Three of the City's outstanding bonds are levy bonds. Bell property owners find this tax on their Annual Property Tax Statement under "Voter Indebtedness -- City of **Bell**" at a combined rate of .311413%. Bell property owners pay a rate of .187554% towards the 2005 Taxable Pension Revenue Bond and a rate of .123859% towards the General Obligation Bonds. The following is a description of these bonds:

6. **2005 Bell Public Financing Authority Taxable Pension Revenue Bond (Pension Bond) –** The City issued this bond to 1) pay the CALPERS retirement costs for Bell Police Officers; 2) refund prior bonds; and 3) pay any legal, financial, or bond-related expenses due to the issuance of the bond.
7. **2004 General Obligation Bond (GOB) & 2007 General Obligation Bond (GOB), Also Known As the Measure A Bond –** Both 2004 and 2007 General Obligation Bonds were issued for the acquisition, improvements or construction of public facilities such as the proposed Bell Sports Complex, Bell Community Center as well as other parks, recreational and cultural facilities.

City of Bell
City Council
Agenda Report

DATE: August 24, 2011

TO: Mayor and Members of the City Council

FROM: Kenneth Hampian, Interim City Manager KH

BY: Kenneth Hampian, Interim City Manager
Edward L. Bertrand, Assistant City Attorney

SUBJECT: **City Levy Obligations and Bond and Debt Review**

RECOMMENDATIONS:

That the City Council:

1. Adopt a resolution setting the annual property tax levy rate for the Pension Revenue Obligations.

2. Receive a report regarding the 2011-12 property tax levy for the 2004 and 2007 General Obligation Bonds (GOB), as established by Resolution No. 2009-36 on August 17, 2009.

3. Receive a verbal update from staff regarding a meeting held on August 24, 2011 to review the City's overall bond and note program.

BACKGROUND

Currently the City (including its related entities) has seven outstanding bond obligations. Each bond is different and issued for a different purpose. A summary of these seven bonds is provided as Attachment 2. As shown in the summary, two of the seven bonds are known as "levy bonds" – voter approved bonds that are paid by levying a property tax. These are the 2005 Pension Revenue Bond and the 2004 and 2007 General Obligation Bonds (the GOBs or also known as the "Measure A" bonds). One purpose of this report is to explain the accompanying resolution setting the annual tax rate for the Pension Revenue Bond, which rate is set at the same rate as levied in Fiscal Year 1983/84.

With regard to the GOBs, in August 2009 the City established levy rates for three years: 2009-10, 2010-11 and 2011-12. The City is now entering the third and final year of these established rates. Next year, the Council will need to adopt a new resolution establishing the levy for 2012-13 (or whatever period of time the Council determines). Thus it is timely to provide an update regarding the GOB bonds and rates, prior to submitting the annual paperwork to the county that certifies that the tax rates are in accordance with Article 13A of the Constitution (Proposition 13 requirements).

Lastly, a verbal report will be provided at the Council meeting regarding a bond and debt review focus group meeting held earlier in the day. The purpose of the meeting is to bring some outside perspective to the City's bond and debt situation, including challenges associated with the General Obligation (GO) bonds. No easy solutions are anticipated, but it is important to initiate more rigorous study now so that the Council will be in a better position to make informed decisions in the coming months.

DISCUSSION

Pension Revenue Bond Levy

When the voters enacted Proposition 13 in 1978, they included not only a limit on the property tax rate but an exception to the maximum 1% rate. Article 13A, section 1(b) of the State Constitution, which was enacted by Proposition 13, provides that the 1% limit on the property tax rate is not applicable to *ad valorem* taxes or special assessments collected to pay the interest and redemption charges on any "indebtedness" approved by the voters prior to July 1, 1978. The courts have held that a pension obligation approved by the voters prior to July 1, 1978 is an "indebtedness" and thus a tax rate in excess of 1% is authorized by Article 13A, section 1(b) to pay for pensions. (*Carman v. Alvord* (1982) 31 Cal.3d 318; *Patton v. City of Alameda* (1985) 40 Cal.3d 41.) The additional property tax to pay for pre-existing "indebtedness" is often referred to as an "override." The city has pension bonds outstanding which are secured by this levy.

In 1994, the Legislature enacted Revenue & Taxation Code section 96.31, which provides additional detail regarding when a tax rate in excess of 1% may be levied. Subdivision (a)(4) authorizes a rate above the 1% maximum to pay for pension programs. Subdivision (b) prohibits a city from imposing a property tax rate for pension payments in excess of the rate a city imposed in the 1982-83 or 1983-84 fiscal years, except in certain circumstances. The maximum rate that a city may charge is the higher of the rate charged in 1982-83 or 1983-84.

According to the information in the offering document for the Pension Bonds, the voters of the City of Bell authorized the levy of a property tax to fund the costs of employee pensions system in 1944. The City has levied an additional property tax to pay for retiree pension obligations. The rate in effect in both the 1982-83 and 1983-84 fiscal years was 0.187554%. Therefore, that is the maximum rate that the City may levy to fund its pension obligations for retired employees. The revenue from the tax is used to partially pay for retiree health insurance benefits, payments for City employees into the California Public Employee Retirement System, and payments on bonds issued to fund the City's obligations to its retired employees. The amount levied covers the City's debt service obligation.

2004 and 2007 General Obligation Bonds

Voter approved debt for improvements to real property after 1978 is also issued under an exception to Article 13 of the Constitution. An election was held by the City in 2003 in which a the voters approved the issuance of general obligation bonds. Two series of the bonds remain outstanding (the 2004 Bonds and the 2007 Bonds). In 2009, the City adopted a resolution to levy at a rate of 0.152859 for Fiscal Year 2012-13 (Attachment 3). The rate in 2010-11 has been 0.123859. Because these rates have already been approved, no resolution is needed. The action required by administrative staff is "ministerial" – primarily to confirm the approved rates and certify that the levy is exempt from Article 13A.

This increase in estimated dollars is $29 per $100,000 in assessed valuation. Attachment 4 shows various example impacts. This increase is expected to generate about $2.064 million in levy collected. Nevertheless, the City will face a deficit of $676,000 in 2011-12 (total debt service is $2.74 million) which will need to be paid from other sources. If the increase in levy is not assessed between 2010-11 and 2011-12, the deficit grows to nearly $1.1 million.

Initially (and they do each year) the County requires that the City file the paperwork by August 18th to levy the rate, but the County has extended that date to August 25.

Bond and Note Debt Program Review/ Bond Focus Group

On August 24, 2011 a team of experts in municipal finance and bonded indebtedness will be meeting with staff and the lead City attorney on Bell's bond and debt situation to review the City's challenges and opportunities and to offer their best thinking on strategies going forward. In addition to an attorney from the City Attorney's office, Interim CAO Arne Croce, Ken Hampian and the City's budget consultant David Bass will attend (Mr. Bass is volunteering to participate pro-bono). The outside experts that have been recruited – all pro-bono – include:

- Andy Belknap, Management Partners
- James Bemis, Montegue DeRose
- Bill Statler, Consultant/Former Finance Director

Detailed summaries of their broad and deep experience are provided as Attachment 5. Mr. Hampian has known and worked with all three of these individuals for over 20 years; Mr. Croce is also familiar with their work and has worked with Mr. Belknap for several years.
It is very unlikely that a solution will be found in a single meeting, but in order for any improvement in our position to be achieved, we must first fully understand where we are and the options available going forward. This kind of rigorous study, including knowing the potential consequences of the various options, is essential prior making new, significant decisions. One clear decision that this City Council will need to make relates to the GOB levy after Resolution No. 2009-36 expires. That decision will come no later than next summer, ahead of the August 2012 deadline.

RESOLUTION NO. 2011-38

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BELL ADOPTING AND ESTABLISHING THE FISCAL YEAR 2011-12 RATE OF THE ANNUAL VOTER-APPROVED PROPERTY TAX OVERRIDE TO FUND PENSION AND OTHER RETIREE OBLIGATIONS

THE CITY COUNCIL OF THE CITY OF BELL DOES HEREBY FIND AND RESOLVE AS FOLLOWS:

SECTION 1. FINDINGS.

(A) In 1944, the voters of the City of Bell authorized the City to levy a property tax to fund employee pensions and other retirement obligations. The City has operated and funded such a system since that time and participates in the California Public Employee Retirement System.

(B) Article 13A, section 1(b) of the State Constitution, which was enacted by Proposition 13, provides that the 1% limit on the property tax rate is not applicable to *ad valorem* taxes or special assessments to pay the interest and redemption charges on any "indebtedness" approved by the voters prior to July 1, 1978. State courts have held that pension obligations in existence before that date are an "indebtedness," and that a city may levy an additional property tax to fund those obligations. Such a tax is commonly referred to as a "property tax override."

(C) In implementing the provisions of Proposition 13, the State Legislature has enacted Revenue & Taxation Code section 96.31, subsection (b) of which limits the maximum property tax that a city may levy to fund pension obligations at the rate that the City levied such a tax in either the 1982-83 or 1983-84 fiscal year, which ever is higher. The additional property tax rate levied for the City's public employee pension obligations in both the 1982-83 and 1983-84 fiscal years was 0.187554%.

(D) The revenue from the additional property tax is used to partially pay for retiree health insurance benefits, payments for City employees into the California Public Employee Retirement System, and payments on bonds issued to fund the City's obligations to its retired employees.

SECTION 2. FISCAL YEAR 2010-11 PROPERTY TAX OVERRIDE RATE.

The voter-authorized annual property tax to partially fund the City of Bell's pension and other retiree obligations is hereby established at the rate set forth below for the 2011-12 fiscal year, and the tax shall be levied at that rate and identified as follows:

For Employee Post-Employment Benefits Fund-Pension Obligation (Indebtedness approved by voters prior to July 1, 1978)	0.187554%

SECTION 3. EFFECTIVE DATE.

This Resolution shall take effect immediately upon adoption.

SECTION 4. SEVERABILITY CLAUSE.

The provisions of this Resolution are severable and if any provision, clause, sentence, word or part thereof is held illegal, invalid, unconstitutional, or inapplicable to any person or circumstances, such illegality, invalidity, unconstitutionality, or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, sections, words or parts thereof of the Resolution or their applicability to other persons or circumstances.

BOND and NOTE DEBT

WHAT IS A BOND? A bond is an established contract between a bond issuer (borrower) and the bond holder (lender) to repay borrowed money with interest, A bond is similar to a loan.

WHY DO CITIES ISSUE BONDS? Cities issue bonds to raise money to execute various projects. Bond payments must be made at specific dates over the life of the bond. The bond matures when the bond and its interest is paid off.

WHAT ARE THE CITY OF BELL'S OUTSTANDING BOND DEBT OBLIGATIONS? Currently, the City of Bell has seven outstanding bond obligations. Each bond is different and issued for a different purpose. They are as follows:

1. **1998 Certificate of Participation (COP) Bond –** The City issued this bond to 1) fund public improvement projects including the acquisition, construction, installation and rehabilitation of public improvements including streets, parking improvements, and structures; 2) establish a set-aside fund in the event of financial uncertainty associated with the bond; 3) establish an account to deposit and pay future interest payments; and 4) pay for any initial legal, financial, or bond-related expenses.
2. **2003 Bell Community Redevelopment Agency Redevelopment Project Area Tax Allocation Refunding Bond (TARP)** The City issued this bond to repay previous redevelopment bonds and establish an account to deposit monies and pay future interest payments for projects within the Redevelopment Area.
3. **2005 Bell Community Housing Authority (BCHA) Revenue Refunding Bonds –** The City issued this bond to refund the first bond issue to acquire the Bell and Florence Village Mobile Home Park and acquire additional rental properties under the BCHA.
4. **2007 Bell Public Financing Authority Taxable Lease Revenue Bond (GSA Property) –** The City issued this bond to 1) refund prior bonds used for the acquisition of the former GSA property; 2) prepare the property for lease; and 3) pay for any initial legal, financial, or bond-related expenses.
5. **2009 Promissory Note** – The Bell Community Redevelopment Agency entered into a promissory agreement (note) for the purchase of a commercial property within the City. Payments are to made monthly for a period of 15 years.

WHAT ARE LEVY BONDS? Levy bonds are bonds that are partially paid by "levying" or taxing property owners. As such, they require voter approval. Three of the City's outstanding bonds are levy bonds. Bell property owners find this tax on their Annual Property Tax Statement under "Voter Indebtedness – City of **Bell"** at a combined rate of .311413%. Bell property owners pay a rate of .187554% towards the 2005 Taxable Pension Revenue Bond and a rate of .123859% towards the General Obligation Bonds. The following is a description of these bonds:

6. **2005 Bell Public Financing Authority Taxable Pension Revenue Bond (Pension Bond) –** The City issued this bond to 1) pay the CALPERS retirement costs for Bell Police Officers; 2) refund prior bonds; and 3) pay any legal, financial, or bond-related expenses due to the issuance of the bond.
7. **2004 General Obligation Bond (GOB) & 2007 General Obligation Bond (GOB), Also Known As the Measure A Bond –** Both 2004 and 2007 General Obligation Bonds were issued for the acquisition, improvements or construction of public facilities such as the proposed Bell Sports Complex, Bell Community Center as well as other parks, recreational and cultural facilities.

Mr. Bemis joined Montague DeRose and Associates in 1999, following nearly 20 years of municipal finance experience as an issuer, investment banker, and commercial lender. He is considered the municipal finance industry's premier financial advisor in variable rate debt, having served as financial advisor on some of the largest variable rate bond programs in municipal finance, including the $4.2 billion variable rate portion of the 2002 California Department of Water Resources Power Supply Revenue Bonds, the State of California's $4.0 billion in General Obligation Variable Rate Demand Bonds, and the $3.0 billion variable rate portion of the State of California Economic Recovery Bonds.

Currently, he provides ongoing advice on several of the industry's largest variable rate bond programs, including those for the State of California and the California Department of Water Resources. He has negotiated letters of credit and other liquidity facilities for the State of California, the State of Washington, the California Department of Water Resources, the Port of Oakland, the City and County of San Francisco, San Francisco Public Utilities Commission, as well as many other municipal issuers.

Additionally, Mr. Bemis is one of the industry's foremost experts in transportation finance. Since 1999, Mr. Bemis has been lead financial advisor on many transactions for the U.S. Department of Transportation's TIFIA program. This experience includes a number of toll road and bridge projects and public-private partnerships ("PPPs"). In addition, Mr. Bemis has advised the Washington State Department of Transportation and the San Bernardino County Transportation Authority on transportation

projects. Mr. Bemis has also spoken at public finance conferences on transportation finance and PPPs.

Mr. Bemis began his finance career in 1979, while employed by the City of Oxnard, CA, completing more than a dozen financings totaling more than $500 million as a municipal employee. He worked for a dozen years as a commercial bank officer, providing credit and liquidity for two international banks, Sumitomo Trust and the Industrial Bank of Japan. During this time, he implemented both banks' public finance marketing program, including providing credit enhancement, bond purchase agreements, and liquidity facilities for government and non-profit organizations. After joining the municipal investment banking firm of E. J. De La Rosa and Co. in 1993, Mr. Bemis was responsible for business development and client relationships. He participated in over $6 billion in bond issues for counties, municipalities, redevelopment agencies, water, wastewater and electric utilities, transportation agencies, educational institutions, and multi-family, senior citizen, and non-profit housing issuers.

Mr. Bemis presently serves the State of California Treasurer's Office, the Washington State Treasurer's Office, Public Utility District No. 1 of Snohomish County, State of California Department of Water Resources, the San Francisco Public Utilities Commission, the Port of Oakland, the United States Department of Transportation, the City of San Diego, the City and County of San Francisco and the Placer County Water Agency.

Mr. Bemis received Bachelors of Arts degrees in Economics and Environmental Studies from the University of California at Santa Barbara and a Master of Business Administration degree from the University of California at Los Angeles.

QUALIFICATIONS SUMMARY

SENIOR MANAGEMENT EXPERIENCE

Bill Statler has over 30 years of senior municipal financial management experience, which included serving as the Director of Finance & Information Technology/City Treasurer for the City of San Luis Obispo for 22 years and as the Finance Officer for the City of Simi Valley for 10 years before that.

Under his leadership, the City of San Luis Obispo received national recognition for its financial planning and reporting systems, including:

- Award for Distinguished Budget Presentation from the Government Finance Officers Association of the United States and Canada (GFOA), with special recognition as an outstanding policy document, financial plan and communications device. ***San Luis Obispo is one of only a handful of cities in the nation to receive this special recognition.***

- Awards for excellence in budgeting from the California Society of Municipal Finance Officers (CSMFO) in all four of its award budget categories: innovation, public communications, operating budgeting and capital budgeting. Again, S***an Luis Obispo is among a handful of cities in the State to earn recognition in all four of these categories.***

- Awards for excellence in financial reporting from both the GFOA and CSMFO for the City's comprehensive annual financial reports.

- Recognition of the City's financial management policies as "best practices" by the National Advisory Council on State and Local Budgeting.

The financial strategies, policies and programs he has developed and implemented over the past 35 years have resulted in strengthened community services and an aggressive program of infrastructure and facility improvements, while at the same time preserving the City's long-term fiscal health. This included taking a lead role in developing and presenting the community outreach and education program in preparation for a general purpose, ½-cent City sales tax measure, which was overwhelmingly adopted with 65% voter approval in November 2006.

City of Bell
Agenda Report

DATE: August 24, 2011

TO: Mayor and City Council Members

FROM: Ken Hampian, Interim Chief Administrative Officer

BY: Magdalena Prado, Senior Management Analyst

SUBJECT: Asbestos and Lead Contractor Agreement Amendment

RECOMMENDATION:

That the City Council should approve Amendment No. 2 to Professional Services Agreement for Community Development Block Grant (CDBG) Asbestos and Lead Contractor

BACKGROUND:

The City of Bell received US Housing and Urban Development (HUD) Community Development Block Grant (CDBG) Funds through the Los Angeles County Community Development Commission (CDC) for the implementation of programs including the Handworker and Housing Rehabilitation Program for the 2011-2012 Fiscal Year, of which $20,000 were set aside for a necessary Lead and Asbestos Contractor. Currently, the program is on hold. The City cannot complete the required screening for those selected properties given the lack of an asbestos and lead vendor on contract.

While the City can conduct an RFP for a lead and asbestos vendor, given the limited staff levels to monitor the Request For Proposal (RFP) process, and the need to move this program forward, staff recommends that the City opt to extend the professional services agreement with Lead Tech Environmental, the 2010-2011Fiscal Year provider, for a third and final year, as permitted by the CDC guidelines.

AGREEMENT TERMS:

The underlying agreement requires Lead Tech to provide lead based paint and asbestos inspection, testing and assessment for the City's CDBG Program. The agreement is a one-year agreement which can be extended until June 30, 2012. It can be terminated by either party. The proposed amendment extends the contract to June 30, 2012, based on the 2009 price, in a total amount not to exceed $20,000.00.

AGREEMENT FOR COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)
LEAD PAINT AND ASBESTOS INSPECTION, TESTING AND ASSESSMENT
LEAD TECH ENVIRONMENTAL
AMENDMENT NO. 2

This Amendment is made and entered into this 24th day of August, 2011 by and between the City of Bell (hereinafter referred to as "CITY"), and Lead Tech Environmental (hereinafter referred to as "CONTRACTOR").

TERMS AND CONDITIONS

The Agreement for the Community Development Block Grant (CDBG) Lead Paint and Asbestos Inspection, Testing and Assessment Services by Lead Tech Environmental dated June 29, 2009 shall be amended to add the following:

1. **TIME OF PERFORMANCE**

This Agreement shall be extended and shall remain in full force and effect until June 30, 2012.

2. **COMPENSATION AND METHOD OF PAYMENT**

A. Maximum Compensation

The fee for services pursuant to this Agreement shall be provided in accordance with the Compensation Schedule set forth in Exhibit "A" and shall not exceed the sum of $20,000 for Fiscal Year 2011-2012 in Community Development Block Grant Funds without prior authorization.

B. Method of Payment:

The CONTRACTOR shall submit invoices to the CITY specifying the amount due for services performed by the CONSULTANT. Such invoices shall describe the services performed during the invoice billing period. Upon approval of the invoice, the CITY shall make payment as soon thereafter as the CITY'S regular procedures provide.

3. **COUNTY OF LOS ANGELES DEFAULTED PROPERTY TAX REDUCTION PROGRAM**

The CONTRACTOR acknowledges that the County has established a goal of ensuring that all individuals and businesses that benefit financially from the County through contract are current in paying their personal and real property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers. Unless the CONTRACTOR qualifies for an exemption or exclusion, the CONTRACTOR warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this Agreement will maintain compliance, with the County's Defaulted Tax

Program, found at Los Angeles County Ordinance No. 2009-0026 and codified at Los Angeles County Code, Chapter 2.206.

Failure of the CONTRACTOR to maintain compliance with the requirements set forth in the "COUNTY's DEFAULTED PROPERTY TAX REDUCTION PROGRAM" shall constitute default under this Agreement. Without limiting the rights and remedies available to the City under any other provision of this Agreement, failure of the CONTRACTOR to cure such default within 10 days of notice shall be grounds upon which the City may suspend or terminate this Agreement pursuant to the County's Defaulted Property Tax Reduction Program found at Los Angeles County Ordinance No. 2009-0026 and codified at Los Angeles County Code, Chapter 2.206.

4. **CONDITIONS**

All other conditions of the Agreement dated June 29, 2009 between the CITY and CONTRACTOR shall remain in full force and effect.

SUBJECT: One-Time Waiver of the Orangeline Development Authority (OLDA) Membership Dues for FY 2011-2012

RECOMMENDATION

That the City Council adopt Resolution No. 2011-35 approving the OLDA following conditions:

1. Agree that no Board Stipend will be paid to the City of Bell representative ($100 per OLDA Board meeting) during the 2011/12 fiscal year; and
2. Action by the City Council requesting a waiver of fee for the fiscal year 2011/12.

BACKGROUND

On July 13, 2011 the OLDA Board of Directors approved the request from the former Interim Chief Administrative Officer, Pedro Carrillo, requesting a one-time waiver. The waiver would be for the OLDA Membership Dues for fiscal year 2011/12 in the amount of $3,915.

2. Letter from OLDA

RESOLUTION NO. 2011-35

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BELL, CALIFORNIA REQUESTING PARTICIPATION IN THE ORANGELINE DEVELOPMENT AUTHORITY (OLDA)

WHEREAS, the City finds in its interest to continue to pursue an environmentally friendly transit system in the City of Bell; and

WHEREAS, participation as an OLDA member increases the chances of our being successful in the development of this transit system by participating with other cities along the OLDA corridor between Sana Ana and Santa Clarita; and

WHEREAS, it is important for all the cities in the Authority to be active participants in the decision making process for OLDA; and

WHEREAS, the City agrees that no Board Stipend will be paid to the City of Bell representative ($100 per OLDA Board meeting) during the 2011/12 fiscal year.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BELL DOES HEREBY RESOLVE:

1. Request a one-time waiver of the OLDA membership fee for the 2011/12 fiscal year so that participation can continue in the development of this very important transit service for our residents.
2. The City Clerk shall certify to the adoption of this resolution and hereafter the same shall be in full force and effect.

APPROVED AND ADOPTED this 24th day of August 2011.

Re: One-Time Waiver of OLDA Membership Dues for FY2011-2012

Dear Mr. Hampian,

The Orangeline Development Authority (OLDA) received a letter from Pedro Carillo, former Interim Chief Administrative Officer, requesting a one-time waiver of the OLDA Membership Fees for FY 2011-2012. The total fee amount is $3,915 and is used to pay for the operations of OLDA whose mission is to develop a high speed environmentally friendly transit system in Southern California.

On July 13, 2011, the OLDA Board of Directors approved the request subject to the following conditions:

1. No Board Stipend will be paid to City of Bell representative ($100 per OLDA Board meeting).
2. Action by the City Council (see attached draft) requesting waiver of fee for FY 2011-2012.

We are aware of the challenges in the City of Bell and hope this is agreeable to your City Council. We welcome your continued participation in OLDA. The OLDA Board meets on the 2nd Wednesday of the month from 6:00pm to 8:00pm at locations in cities along the corridor. Our meeting this month is in Paramount. In September and October, we will be meeting in the City of South Gate.

If you have any questions, please feel free to contact me.

Sincerely,

Michael R. Kodama
Executive Director

SUBJECT: Approve the Notice of Completion for the Resurfacing Improvement Project at Veterans Memorial Park

RECOMMENDATION: Approve the Notice of Completion.

On April 20, 2011, the City of Bell City Council approved the contract with Tot Turf, a division of Robertson Industries, Inc., for the rubberized resurfacing playground improvement project at Veteran Memorial Park located at 6500 East Gage Avenue in the City of Bell. The approved amount for this project was $57,842.32. The project was initiated on Tuesday, July 19, 2011 and completed on Friday, July 29, 2011.

Bell families began to benefit from this much needed park improvement on Saturday July 30, 2011, when water play was also resumed at the park, and relief from the summer heat was provided.

At this time, the City must file a Notice of Completion to initiate closure to this construction project. Once the Council approves this Notice of Completion, the City Engineer will record this effort with the Los Angeles County Registrar/Recorder. Thirty five days following the recording with the County, the City will be able to release the amount retained from the project to Tot Turf. It is a customary practice to retain 10% of the project cost in all public works project in the event there are any outstanding liens against the project, and in an effort to protect the City.

The practice of approving closed out projects is a standard one in cities (however, often done administratively and not by Council). It is a practice that assures that projects are legally closed out and do not linger on the books of a city for extended periods with fund balances.

9:47:50 PM Councilwoman Quintana looked for consensus on direction as to what the Council should do in consideration of the Contract for City Attorney Services with Aleshire & Wynder, LLP.

9:48:44 PM Interim City Attorney Casso stated the Council is at a deadlock at this point, and recommended to wait for the FPPC response.

The City Council went to recess at 9:49:51 PM.

The City Council reconvened to open session at 10:00:57 PM.

10:01:53 PM Interim CAO Carillo gave a staff report considering Para-transit services.

10:04:07 PM Councilman Valencia asked if the city has a list of all the residents that would be affected by the transition of Para-transit services.

10:05:25 PM Interim CAO Carillo responded to Councilman Valencia's concerns.

10:06:53 PM Vice Mayor Harber asked that if the services were interrupted, would there be a directive that the Council could limit the number of times someone could obtain rides. He then asked who owns the three vehicles used by that group.

10:07:42 PM Interim CAO Carillo responded that the city owns the vehicles.

10:08:32 PM Mayor Saleh raised concern that the Old-timers Foundation stated that it owned the vehicles.

10:08:54 PM Interim City Attorney Casso clarified that title is held by the city and stated he met with the Old-timers Foundation.

10:10:08 PM Councilwoman Quintana asked why there was a delay in the process of the RFP.

10:10:36 PM Mayor Saleh stated that the RFP was requested in April.

10:10:56 PM Interim CAO Carrillo responded that although the RFP for Para-transit services was one of the first actions requested, there were other directions given by the council and those issues had to be addressed first.

10:14:50 PM Councilwoman Quintana recommended having the RFP sent out now.

10:17:09 PM Councilman Valencia asked if Metro would provide the services at the same cost or lower

10:17:27 PM Interim CAO Carillo responded that the RFP process would get the Council a better idea of services and costs.

10:18:09 PM Quintana recommended vetting the report given by the Interim CAO in regards to the RFP for Para-transit services.

10:20:23 PM Interim City Attorney Casso clarified concerns regarding the contract with the Old-timers Foundation.

10:22:12 PM Councilwoman Alvarez asked if approximately 60 residents were serviced by the Old-Timers Foundation at a cost of roughly 35, 000 monthly.

10:23:13 PM Interim CAO Carillo responded to Councilwoman Alvarez's concern and referenced the invoice of services provided by the Old-Timers Foundation.

10:26:35 PM Mayor Saleh asked to have a city-owned phone number in order to route the calls for Para-transit services and requested to have the matter of costs and services continued on the next meeting.

10:28:31 PM Interim City Attorney Casso stated that if the Council were to adopt this amendment then it will be for one month, and if the Council wished to provide a notice of termination then it would be effective starting August 13, 2011.

10:29:00 PM Mayor Saleh asked if there is a contract with the Old-Timers Foundation between July 1-July 13.

10:31:16 PM Irene Muro, representing the Old-Timers Foundation, requested to have enough time to run this information by the board of directors and clarified that the flyer handed out to the community was only to inform the residents they may need to find another method of transportation.

10:33:33 PM Interim CAO Carrillo stated the Old-Timers Foundation provided a letter stating that they will provide month to month service until they were told otherwise.

10:34:32 PM It was moved by Mayor Saleh, seconded by Councilman Valencia, to only approve the proceeding with the RFP.

10:35:28 PM Councilman Valencia requested for the Old-Timers Foundation to show publicly who makes up their board of directors.

10:38:11 PM Interim CAO Carrillo provided a staff report regarding the Request for Proposal for Public Works Maintenance Services and made a correction to the Agreement Section 10, stating that the term should be effective 07/01/10.

10:40:26 PM Councilman Valencia asked how long Mr. Medina had been working for the city.

10:40:44 PM Mayor Saleh responded that Mr. Medina had been working for the city since 2011.

10:41:46 PM Councilwoman Alvarez asked a question regarding the process for having a certain number of the personnel of the Public Works firm come from the City of Bell.

10:43:04 PM Interim City Attorney Casso clarified that one could adopt a local preference hiring policy but several factors could make that a challenge, but a memorandum can be issued.

10:43:39 PM It was moved by Councilwoman Quintana, seconded by Councilwoman Alvarez, to Authorize the Mayor to execute a general maintenance services agreement with Medina Construction for public works maintenance services, effective until August 30, 2011 upon approval as to form by the Interim City Attorney and Direct the Interim Chief Administrative Officer to prepare and issue a Request for Proposal for Public Works Maintenance Services with an amendment to include a memorandum regarding the local preference hiring policy as requested by Councilwoman Alvarez.

Wednesday, December 14, 2011 at 7:00 PM

Wednesday, December 28, 2011 at 7:00 PM

RECOMMENDATION:

Staff recommends that:

1. The title of the Resolution No. 2011-36 be read;

2. The City Council waive further reading of Resolution No. 2011-36; and

3. The City Council adopt Resolution No. 2011-36

4. Furthermore, on or before the City Council meeting of December 28, 2011 the Council will consider a Resolution setting the times and dates for the regular City of Bell City Council meetings for the 2012 calendar year.

RESOLUTION NO. 2011-36

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BELL SETTING THE DATES AND TIMES OF THE CITY COUNCIL'S REGULAR MEETINGS FOR SEPTEMBER 2011 THROUGH DECEMBER 2011

WHEREAS, the City of Bell's Charter authorizes the City Council of the City of Bell ("the City") to set and fix the dates and times for the regular meetings of the Council; and

WHEREAS, Section 506 of the City of Bell's Charter that the "City Council shall hold regular meetings at least once each month" and at times fixed by a resolution; and

WHEREAS, the City Council desires to set the dates and times for the regular meetings for September through December 2011; and

THE CITY COUNCIL OF THE CITY OF BELL DOES HEREBY FIND AND RESOLVE AS FOLLOWS:

SECTION 1. SEPTEMBER THROUGH DECEMBER 2011 SCHEDULE OF CITY COUNCIL MEETINGS.

Pursuant to Section 506 of the City of Bell's Charter, the City Council fixes and sets the following dates and times for the Council's regular meetings during September through December of 2011:

Wednesday, September 14, 2011 at 7:00 PM

Wednesday, September 28, 2011 at 7:00 PM

Wednesday, October 12, 2011 at 7:00 PM

Wednesday, October 26, 2011 at 7:00 PM

Wednesday, November 9, 2011 at 7:00 PM

Wednesday, November 23, 2011 at 7:00 PM

Wednesday, December 14, 2011 at 7:00 PM

Wednesday, December 28, 2011 at 7:00 PM

SECTION 2. EFFECTIVE DATE.

This Resolution shall take effect immediately upon adoption.

SECTION 3. SEVERABILITY CLAUSE.

The provisions of this Resolution are severable and if any provision, clause, sentence, word or part thereof is held illegal, invalid, unconstitutional, or inapplicable to any person or circumstances, such illegality, invalidity, unconstitutionality, or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, sections, words or parts thereof of the Resolution or their applicability to other persons or circumstances.

City of Bell
Agenda Report

DATE: August 24, 2011

TO: Mayor and Council Members

FROM: Ken Hampian
Interim Chief Administrative Officer

BY: Magdalena Prado
Senior Management Analyst

SUBJECT: Disposition of Current Request For Proposals (RFP)

RECOMMENDATIONS: 1) Terminate the current Paratransit and Public Works RFPs that are currently in circulation; 2) Direct the Interim CAO to prepare improved RFPs for Paratransit and Public Works Services for distribution to a larger list of potential providers, after review and approval by the City Council; and 3) Extend the submittal deadline for the RFP for City Engineering Services to Friday, September 30, 2011.

BACKGROUND

In mid-July, RFPs were issued for Paratransit, Public Works and City Engineering Services. The contracts for these services were set to expire shortly or had already expired. The Paratransit RFP was distributed on July 14, 2011 to potential public and private sector service providers, with an initial submittal deadline of August 12, 2011. The Public Works RFP was initially distributed on July 19, 2011, with an initial submittal deadline of August 19, 2011. However, both deadlines were extended through August 31, 2011 to allow for further evaluation of the quality of the RFPs and, if acceptable, increased participation. The City Engineering Services RFP was distributed on July 19, 2011, with a deadline of August 29, 2011. Staff is recommending that the deadline for engineering be extended through September 30, 2011 for reasons outlined in the next section. Staff is also recommending starting over for Paratransit and Public Works services.

Why Start Over for Paratransit and Public Works Service?

The City of Bell must engage in the public bid process for a number of vendor services as contracts have expired or are set to expire within the coming months. This mandate was articulated in the California State Controller's Review of the City of Bell's Administrative Process. Further, it echoes the City's charge to implement best practices wherever necessary.

However, to effectively administer a public review process, there needs to be a sound understanding of the public bid process as well as a technical understanding of the services

which are being sought. After a study of the current Paratransit and Public Works RFPs now in circulation, including by experts in the field, staff's judgment is that these documents are flawed to the point that they should be revised and redistributed. Sample flaws include:

Para Transit

- The scope of work does not clearly articulate the City's needs or those of Bell passengers;
- The RFP does not define whether passengers will make their reservations through a recording or through a dispatcher;
- The RFP does not define how passenger complaints are addressed, if the City obtains a record of these complaints or how the vendor is to address these matters;
- The scope of work does not include a time frame necessary to respond to trip requests;
- The RFP was not distributed to a wide enough field of potential proposers.

Public Works Services

- The scope of work is too broadly defined and, as such, quantities and frequencies are not noted, leaving too much to the discretion of the contractor;
- The RFP is structured such that it may incentivize contractors to do a lot of low cost maintenance tasks that consume funding, leaving an inadequate amount to address emergencies that arise (potentially leading to contract increases);
- There are inconsistencies between the contract and the RFP, as the contractor is asked to quote labor and equipment prices in the RFP, yet these are specified in the contract;
- The RFP was not distributed to a wide enough field of potential proposers.

Staff is recommending that the Para Transit and Public Works documents be withdrawn to allow for a through technical review, and for a distribution to a larger list of potential proposers. After staff improves the RFPs and adds appropriate providers to the list of vendors, it is recommended that the RFP return to Council for review prior to distribution. This will allow the Council to be sure that the scope and nature of services desired have been properly expressed by staff. The current RFPs were developed and distributed solely by staff.

In addition to quality work on the "front end," a successful RFP process also requires a strong proposal review and recommendation process on the "back end." A strong review process includes assembling a team of experts to review the proposals and, possibly, to conduct organized and objective interviews of the best proposals. After this evaluation process, the proposals are ranked with a recommendation regarding "the best" proposed service (based on both quality and price). No "back end" process had been organized for any of the three RFPs.

Final recommendations for both the Paratransit and Public Works contracts should return to Council for review and approval.

Why Extend the Deadline for Engineering Services?

Regarding the RFP for City Engineering Services, the review of the RFP suggests that it is strong enough to continue ahead. However, staff recommends that the submittal deadline be extended to Friday, September 30, 2011 to allow the new interim CAO to establish a "back end" expert review process that also results in a recommendation to the City Council for final approval.

SUMMARY

These proposals are among the first initiated during the City's new reform era and these services are also very important to the community. Therefore, the RFPs – and the review and selection processes – should be done right, even if more time is required. And this is the fundamental principle that underlies the recommendations within this report.

NOTE: The current RFPs are available for review on the Bell City Clerk's Website under the news category heading.

City of Bell
Redevelopment Agency
Agenda Report

DATE: August 18, 2011

TO: Chair and Members of the Redevelopment Agency

BY: David J. Aleshire, Agency Counsel

SUBJECT: Authorize Executive Director to Approve and Submit Enforceable Obligation Payment Schedule on Behalf of the Agency

DISCUSSION

In June of 2011, the State Legislature approved, and the Governor signed, ABx1 26 and ABx1 27 as part of the State Budget package. ABx1 26 terminates redevelopment agencies, while ABx1 27 establishes the Alternative Voluntary Redevelopment Program, which allows a city to retain its redevelopment agency if it approves an ordinance pledging to provide payments to the county auditor controller each year.

In response to the adoption of ABx1 26 and ABx1 27, the League of Cities, the California Redevelopment Association, and other parties sued to overturn the legislation. On August 11, 2011 (and clarified on August 18, 2011), the California Supreme Court issued an order allowing ABx1 26 to remain in effect insofar as it precludes existing redevelopment agencies from incurring new indebtedness; transferring assets; acquiring real property; entering into new contracts or modifying existing contracts; entering into new partnerships; or adopting or amending redevelopment plans. However, the order stayed enforcement of both ABx1 26 and ABx1 27 in most other respects.

Health & Safety Code section 34169(g)(1), which was created by ABx1 26 and which remains in effect, requires that redevelopment agencies adopt an Enforceable Obligation Payment Schedule ("EOPS") by August 28, 2011.

An EOPS is a list of all obligations defined as "enforceable obligations," which include all bonds (as defined by Section 33602); loans of money from the Agency; payments required by law (*e.g.*, statutory pass-through payments); judgments or settlements; and any other agreements and contracts. (Health & Safety Code § 34167(c).) For each listed obligation, the EOPS must include: (1) a project name associated with the obligation; (2) the payee; (3) a short description of the nature of the work, product, service, facility, or other thing of value; and (4) the monetary obligation to be made, by month, through December of 2011. (Health & Safety Code § 34169(g)(1).) The California Redevelopment Association has a template for an EOPS located on its website at www.calredevelop.org under the "Legislative Updates" tab. During the time of the Stay, the Agency is permitted to make payments on Enforceable Obligations.

As discussed, Agency Counsel has advised staff that as a result of the action of the Supreme Court, redevelopment agencies are now required to adopt an EOPS by August 28, 2011.

The next scheduled meeting of the Agency is September 14, 2011, which is after the due date for the EOPS. Accordingly, staff requests that the Agency authorize the Executive Director to approve, adopt, and submit an EOPS on behalf of the Agency.

RECOMMENDATION

Staff recommends that the Redevelopment Agency authorize the Executive Director to approve, and submit an EOPS on behalf of the Redevelopment Agency.
